

Danone Brazil 2021 Aggregated Scoring Methodology Summary and Brand List

Danone Ltda, Support produtos Nutricionais Ltda., and its Subsidiaries

As the B Corporation Certification is a company-level certification, the assessment of a Parent Company is required to include its subsidiaries in which it owns >50% of the shares and has controlling interest. Depending on the operations of the certifying company, Parent Companies may roll up their subsidiaries into a single assessment or assess separately.

Parent companies and their subsidiaries that were included in the scope of certification, and share the same name as the certified parent, may use the B Corp logo with regards to the certified parent's brand. Only Certified B Corps that have met the performance requirement (i.e., 80 point bar) may use the B Corp logo with regards to their specific entity.

Aggregated Scoring Methodology

Danone Ltda, Support Produtos Nutricionais Ltda., and its subsidiaries were required to be assessed in the B Impact Assessment and undergo a review by B Lab staff. Danone Brazil's subsidiaries were divided into three groups and the overall score was calculated using an employee-based weighted average of its underlying assessments. The assessments used on each group are as follows:

- Danone Brazil Nutricia (1 assessment)
- Danone Brazil Dairy (1 assessment)
- Danone Brazil Waters (1 assessment)

The group scored an overall 84.7 out of 200 total available points. The minimum verified score required for B Corp Certification is 80.

Brands

Brands that are not distinct operating entities included in the Parent Company’s certification are not Certified B Corps themselves but may use the Certified B Corporation logo if B Lab has determined that they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company’s certification.

Brand List

Below is a list of brands included in the scope of certification at the time Danone Brazil certified and that have been determined to have met the performance standards for certification independently. Global brands can only use the B Corp IP together with the geographic differentiator “Brazil” (e.g., Activia Brazil).
