## Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Category: Other - Disclosure Industries

<b>Topic</b>	Manufacturing and selling of bottled water
<b>Summary of Issue</b>	Shropshire Trading provides solutions for problem stock, particularly in the food and beverage industry; managing excess or short dated inventory. The company derives part of its revenue from the sale of bottled water that is near or past their best- before date. Shropshire Trading is not involved in the extraction of water or manufacturing of bottled water. Their service diverts plastic bottled water from potentially going to landfill.
<b>Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)</b>	Revenue from the sale of bottled water represented 0.22% of the company's FY2023 revenue.
<b>Impact on Stakeholders</b>	B Lab recognizes production and sales of bottled water as a material business issue and has a Framework for Evaluating Bottled Water Companies for B Corp Certification. As the company does not reach the 1% revenue threshold for the sale of its own brand bottled water, B Lab's specific Bottled Water Industry Certification Requirements do not apply at this time.
