Disclosure Report

Date Submitted: February 4th, 2024

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

B Lab's Public Complaints Process

Any party may submit a complaint about a current B Corp through [B Lab's Public Complaint Process](#). Grounds for complaint include:

- 1) Intentional misrepresentation of practices, policies, and/or claimed outcomes during the company's [certification process](#)
- 2) Breaches of the B Corp Community's core values as expressed in our [Declaration of Interdependence](#)

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Other - Disclosure Industries

Disclosure Questionnaire Statement	
Topic	Clients in Controversial Industries
Summary of Issue	The company is a commercial bank that has served a client operating in the mining and fossil fuel industry. Services to this client have included banking and loans; all services that can be sold to both controversial as well as non-controversial industries.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	The revenue from clients in the mining industry is 0.004% in FY21-22. The revenue from clients in the fossil fuel industry is 0.008% in FY21-22.
Impact on Stakeholders	<p>Companies that work with clients in controversial industries can indirectly increase the harmful impact on stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry.</p> <p>B Lab has flagged the involvement of companies with clients in controversial industries as a material issue, and new standards will be created to address possible risks related to this matter.</p>
Implemented Management Practices	<p>O-Bank has incorporated ESG evaluations into corporate loan procedures. All customers' corporate loan projects must undergo an ESG evaluation before becoming a corporate customer.</p> <p>From 2030 forward, O-Bank will no longer provide new loans and investments in new business (including for new projects and existing projects) to all enterprises that engage in the extraction and production of fossil fuel and coal and coal-fired electricity, including but not limited to the following:</p> <ol style="list-style-type: none">1. Thermal coal2. Fuel from liquefied coal3. Coal mining4. Mountaintop removal mining5. Power from coal6. Oil from tar sands

	<ol style="list-style-type: none">7. Oil and gas from shale8. Arctic oil and gas9. Ultra-deepwater oil and gas10. Fracked oil and gas11. Liquefied natural gas. <p>O-Bank will withdraw 2035 from related sectors as mentioned below, including the following:</p> <ol style="list-style-type: none">A. Enterprises that engage in specified types of coal mining, electric power enterprises that supply coal-fired electricity, and infrastructure projects related to specified types of coal mining.B. Sectors and related infrastructure projects that involve tar sands, shale oil and gas, arctic oil and gas, ultra-deep-water oil and gas, and nontraditional extraction of liquefied natural gas. <p>To achieve the goal of withdrawing by 2035 from related sectors as mentioned above, O-Bank will annually track down the balance of investment and loan activities to ensure the accomplishment of our exclusion policies of coal, oil, and gas-related industries.</p>
