As a company majority-owned by two parents [50% owned by Corporación Químico-Farmacéutica Esteve, S.A. 50% owned by Puig, S.L.], ISDIN is required to make its full B Impact Assessment transparent. The PDF contains all completed B Impact Assessments that have been reviewed by B Lab with ISDIN as part of their certification as a B Corporation. All answers reported refer to each of the respective subsidiaries' practices and performance except for topics managed at Corporate level (i.e. ISDIN). In those cases, Corporate answers have been reported in the respective wholly owned subsidiaries' Assessments having made sure that they are fully implemented as such at ISDIN Answers to questions that would reveal sensitive information (e.g. that would advantage competitors or prejudice litigation) are highlighted with a "Sensitive" textbox:

Labour: In general in labor matters during the last 5 years there have been lawsuits that have ended with judicial or extrajudicial agreements. In terms of security, we have had several inspections in Spain and in some subsidiaries, which have ended without sanctions for ISDIN by having full compliance with legal obligations. Regarding discrimination or harassment at work and sexual and gender, in ISDIN we have a global protocol with a complaints channel. Said complaints channel has been launched in several subsidiaries such as USA, Colombia, Chile, Spain and Corporate through complaints received by employees. In all cases, the file was opened with interviews of the parties involved and witnesses, ending with a resolution that was communicated to the parties involved. Litgation: Due to the confidential nature of the litigation in course, we are not in a position to provide a detailed explanation. Taxes: Minor penalties (ex. nature product reclassification due to different interpretations by different authorities, with change on taxes)
