**SOL
ORGANICA**

ABOUT US

Sol Organica, S.A. is a Nicaraguan food processing company that sources, manufactures, and markets all-natural and organic certified solar-dried fruit and tropical fruit purees, juices, IQF frozen pieces, powders, flours and oils for export to North America, South America, Asia, and Europe.

MISSION

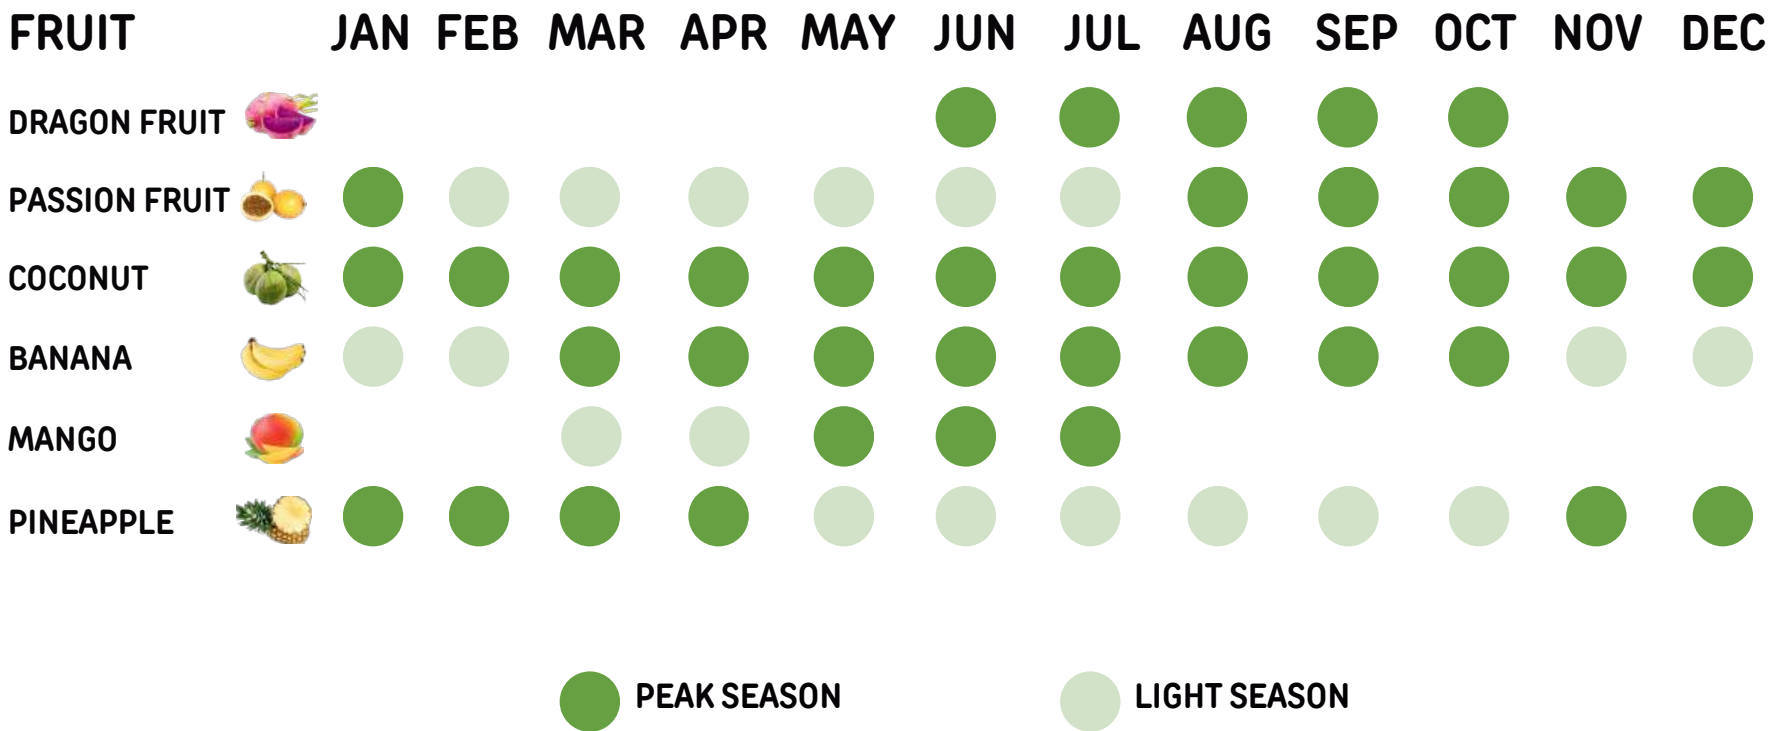

Connect conscientious consumers in export markets with smallholder farmers in tropical countries through quality, sustainably produced natural products.

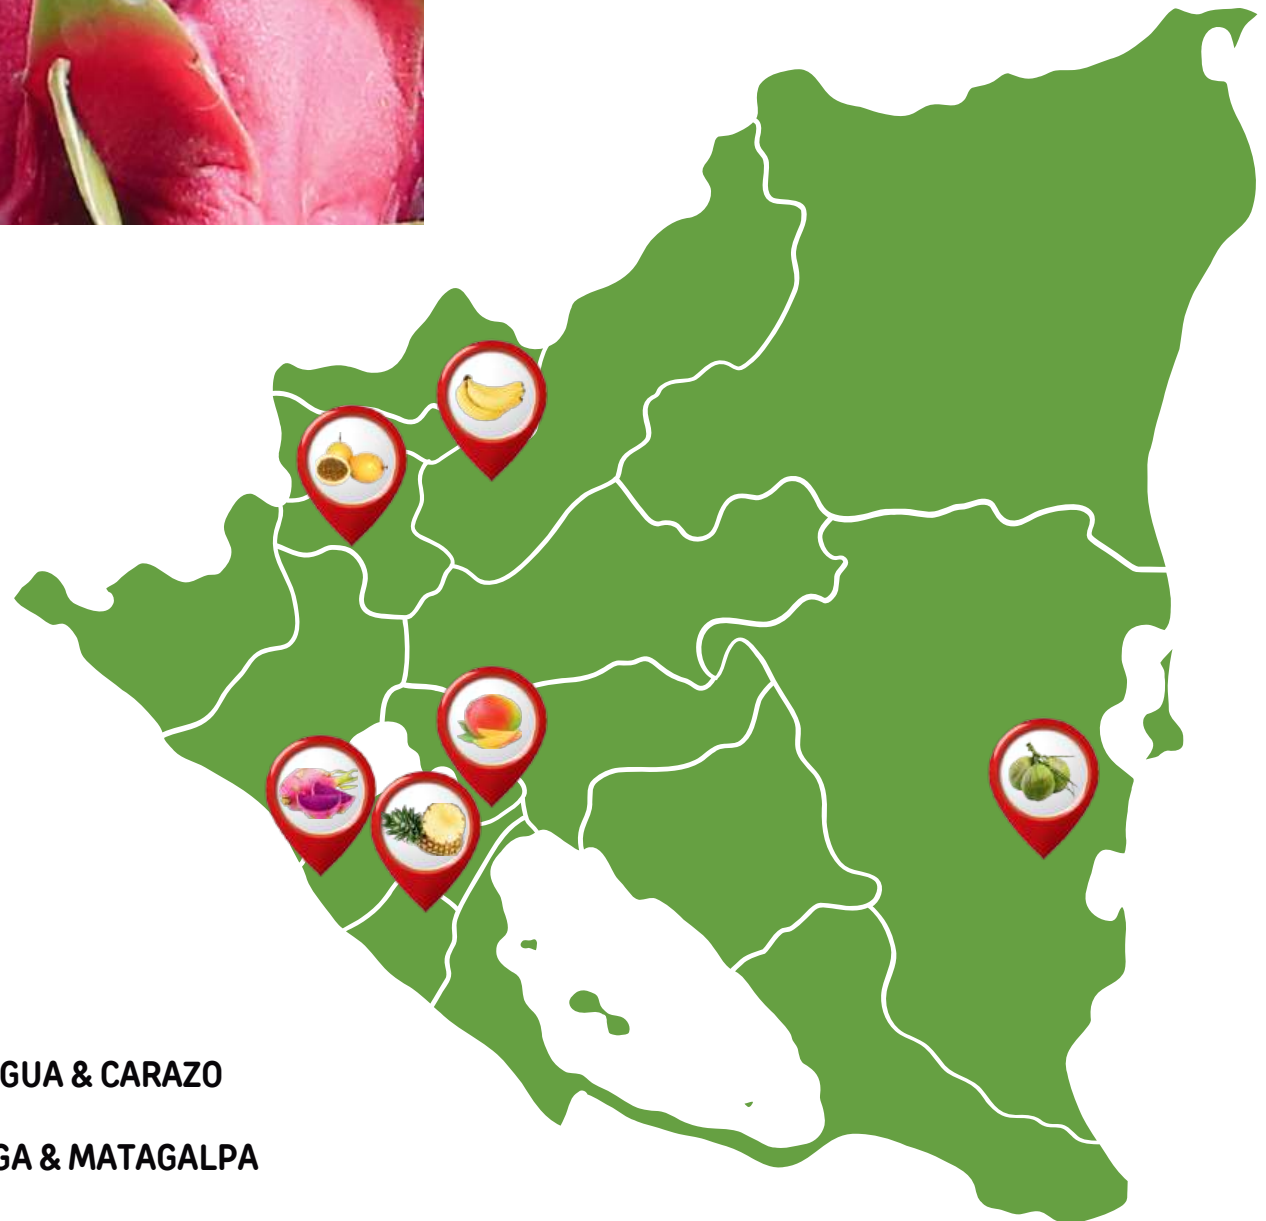

VISION

Continuously satisfy loyal customers with delicious and healthy tropical products that help people and the planet.

ETHICAL TRADE AUDIT

REGENERATIVE ORGANIC CERTIFIED® FRUITS

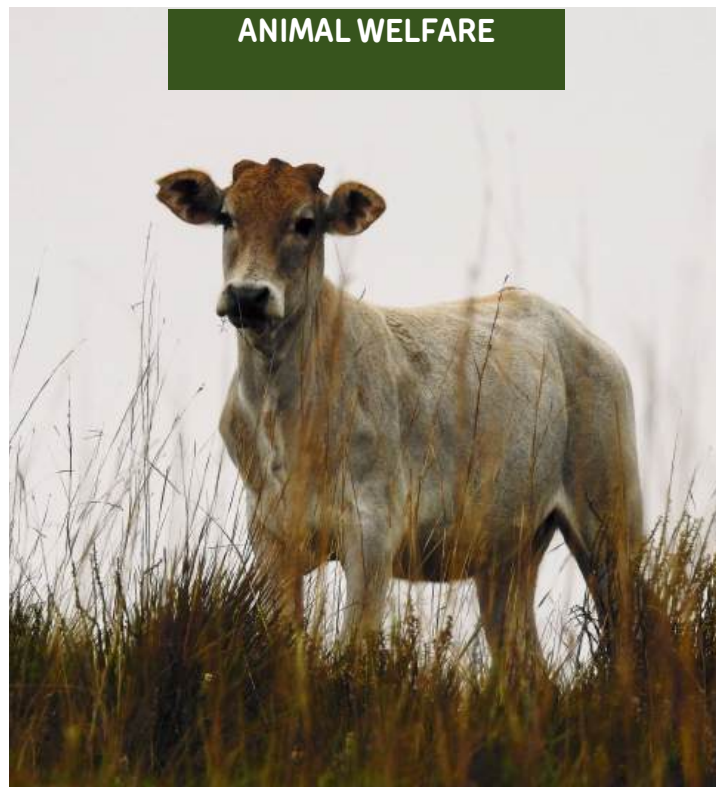

We focus on rebuilding organic matter in soils, restoring biodiversity, carbon drawdown, and increasing farm productivity while continuing to foster the growth and well-being of our Nicaraguan farming communities.

SOIL HEALTH

Increase soil organic matter over time. Sequester carbon in the soil. Improve water filtration cycles.

ANIMAL WELFARE

Improve animal welfare.

SOCIAL FAIRNESS

Provide economic stability and fairness for farmers, ranchers, and workers.

CORE BUSINESS

FARMER RECRUITMENT

Identify farming communities that demonstrate interest in participating in regenerative agriculture.

TECHNICAL ASSISTANCE

Analysis of farm productivity, technical assistance and training to increase farm productivity and quality and manage certifications.

PURCHASE AND PROCESS

Transparent and consistent purchase process. Certified facility for all-natural raw material processing.

EXPORT AND SELL

Complete management of export, import, warehousing and distribution process in the U.S. and Europe.

WHY WE ARE UNIQUE

DEVELOPMENT & TRACEABILITY: From seed to shelf, we do it all – 100%.

SUSTAINABILITY: Social & environmental impact is the core of our business.

LOCAL KNOWLEDGE: Leadership has 30+ years in Nicaragua.

APPROACH: We seek partners, not customers. Our story becomes your story.

QUALITY: We meet & exceed international manufacturing standards.

AUTHENTICITY: We know our farmers by name & consumers are brought closer to growers.
