Disclosure Report

Date Submitted: August 27th, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

B Lab's Public Complaints Process

Any party may submit a complaint about a current B Corp through [B Lab's Public Complaint Process](#). Grounds for complaint include:

- 1) Intentional misrepresentation of practices, policies, and/or claimed outcomes during the company's [certification process](#)
- 2) Breaches of the B Corp Community's core values as expressed in our [Declaration of Interdependence](#)

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Suppliers in Conflict Zones

Topic	The company has suppliers located in Conflict Zones
Summary of Issue	Conscious Coffees sources green coffee beans from tier 1 suppliers in the Democratic Republic of Congo (DRC), Ethiopia, Rwanda, Mexico, and Colombia. Democratic Republic of Congo (DRC) and Ethiopia are listed as conflict zones in the FY25 List of Fragile and Conflict-affected Situations and Global Conflict Tracker.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	In the last fiscal year, 20.5% of the company's purchases came from Ethiopia and 1% from the Democratic Republic of Congo (DRC).
Impact on Stakeholders	<p>Business activities located in conflict zones are considered high-risk as they are more likely to cause or contribute to the conflict and/or sociopolitical instability.</p> <p>Countries classified as conflict zones are more likely to have a weak rule of law or a corrupt judicial system, which could undermine the effectiveness of operational grievance mechanisms for these businesses and their suppliers. In addition, the safety of the company's workers and other potential human rights violations are at risk.</p>
Implemented Management Practices	<p>All coffee beans sourced by the company are certified Fair Trade. The company maintains a strong commitment to safeguarding the well-being of its employees and partners, and therefore does not operate in conflict zones where there is a credible threat of violence. In circumstances where travel to such regions becomes essential, the company implements strict safety protocols, including group travel arrangements, to mitigate potential risks.</p> <p>In addition to paying above Fair Trade prices for coffee, the company contributes to the Farmer Cooperatives Impact Fund, an initiative established by Cooperative Coffees and financed by participating roasters. This fund provides financial resources to farmer cooperatives for projects with measurable social and environmental impact. Funding proposals are submitted by cooperatives and evaluated by a committee comprising roaster representatives to ensure transparency and accountability.</p>
