

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

TOPIC	Unfair dismissal proceedings against Hub Australia
SUMMARY OF ISSUE	In the last 5 years, three former employees have independently brought unfair dismissal proceedings against Hub Australia.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	3 employees, or approximately 5% of the company's total workforce, have brought forth claims of unfair dismissal. The total financial amount of settlement amounted to less than 0.2% of the company's annual turnover.
IMPACT ON STAKEHOLDERS	The primary impact was on former employees due to loss of employment and dismissal for reasons that were contested.
RESOLUTION	All three cases went through an arbitration process and were settled with a one time monetary payment.

Since these incidents, we have: (1) Implemented new policies including a Code of Conduct Policy, Staff Milestones Policy, Workplace Health, Safety & Wellbeing Policy, and Annual Review Procedure. This has transformed our performance review process and allows for meaningful feedback to be given and received in a central place that HR has access to. (4) We have introduced a formal Performance Improvement Plan which means we can formerly document challenging employee relations issues or performance issues appropriately and sensitively.
