Disclosure Report

Date Submitted: June 11th, 2026

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Tax Advisory Services

Disclosure Questionnaire Statement	
Topic	Inheritance Tax, Capital Gains Tax, and Income Tax
Summary of Issue	<p>Whitehead Monckton is a law firm serving business and individuals in the United Kingdom. Tax advisory services are provided by its Succession department to individual, private clients in the context of Wills or Lasting Powers of Attorney, as well as trust services and the administration of estates.</p> <p>The tax primarily advised on is Inheritance Tax (IHT), which involves advise as to whether their estates may have an IHT liability. In such cases, the advice extends to methods of mitigating the potential IHT liability. Other tax advisory services include Capital Gains Tax and Income Tax, which commonly involve the administration of an estate, or a trust creation or administration.</p> <p>Although other taxes may be relevant alongside the other services provided by the firm, such as Stamp Duty Land Tax or Corporation Tax, advice is not provided and instead the clients are referred to an accountant or tax specialist.</p>
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	Tax advisory services account for 2.14% of the company's annual revenue in the past fiscal year.
Impact on Stakeholder(s)	<p>Businesses have an obligation to contribute its share of taxes. This is because business exists within the context of society; its proper role is to serve society, not the other way around. Moreover, healthy businesses can only exist over the long term in a healthy society. A healthy society depends upon public expenditures made possible by taxes. These public expenditures benefit business in both direct and indirect ways.</p> <p>B Lab recognizes fair payment of taxes as a material business issue and has a Framework for Evaluating Tax Strategies for B Corp Certification.</p>
Implemented Management Practices	The firm is regulated by the Solicitors Regulation Authority and abides by their guidance and regulations about anti-money laundering (AML) and tax avoidance .

Whitehead Monckton's services are consistent with the principles that (1) the amount of overall taxes paid over time appropriately reflects the actual amount of income generated by the client, and (2) the amount of taxes paid over time in each jurisdiction appropriately reflects the actual operations of the client in that jurisdiction. Its [publicly available transparent tax philosophy statement](#) reflects and confirms alignment with the principles noted above.

The management processes in place to manage and maintain compliance of the company's services, recommendations, and government and tax regulator engagement with the above philosophy include Whitehead Monckton's Tax Evasion Policy, and its Anti-Money Laundering, Counter Terrorist Financing and Sanctions Compliance Policy, which applies to all directors and employees of Whitehead Monckton Limited (the firm). It explains the firm's policies, controls and procedures in respect of AML, Counter-Terrorist Financing (CTF) and sanctions duties and reflects the current wide risk assessment, and it's designed to support Whitehead Monckton's compliance with its legal obligations.

All new clients go through identification and anti-money laundering checks procedures. Each new case opened must have a risk assessment carried out when it is opened and every 6 months thereafter. There are also procedures in place to check on the source of funds, and on clients' sources of wealth.

The company maintains compliance with the above philosophy by a) senior management in its Succession team undertaking reviews of client files on a quarterly basis and b) regular compliance review with the legal and regulatory framework within which they operate, being the [Code of Conduct for solicitors](#) in England and Wales and the anti-money laundering and source of funds requirements imposed both by law and our regulator.
