# Reusable Roll Top Coffee Bag

The ultimate reusable solution to all your packaging free and bulk shopping needs. The patented fabric combines 100% cotton with food grade silicone creating a multi-functional, multi-use, dishwasher safe bag.

With it's classic roll-top construction, the Food Huggers Fabric Coffee Bag allows you to easily remove air and keep your coffee and bulk goods fresh for longer periods of time. Thanks to its bendable, silicone-covered metal arm, you can create an airtight seal that locks in all that delicious flavor and aroma. When not in use, the bags easily roll up and fit in your pocket, purse, or backpack, making them the perfect companion for all your package-free shopping adventures.

## About Us

Our hope is to make it easy to develop sustainable habits at home. Reducing food waste and plastic waste are two adjustments that make a big difference! With tools that are both fun and easy to use it becomes easier than ever to live a more sustainable lifestyle.

We're so encouraged by the response to Food Huggers. People love them...the colors, the shape, the feel, but more than anything, they love using them. In addition to reducing plastic waste and saving money, it just feels good to save food.

We are looking forward to working with you to save even more food from going in the bin!

Adrienne & the Food Huggers team

## As Seen In

Food Huggers have been featured in a lot of cool places!

## 5 Star Reviews

"I purchased the avocado and veggie huggers and have to say I use them almost every day. The food actually stays fresher than previously bagging them."

- Roberta M.

"These huggies are a true game changer when it comes to storing produce in the fridge! There is a size to fit snugly on every piece of produce and I feel so much better not using so much plastic in the kitchen. Buy a set for you and a set as a gift!"

- Emily S.

"I have found these to be so useful. I bought an extra set for myself and one to put in one of our Christmas gift games. It was a hit! The Food Huggers are easy to use and cover well. I have used them for fruit (mostly bananas), glasses of juice or milk that I don't finish but want to keep fresh in the fridge, and canned goods that are opened that I would have covered with plastic wrap. The full set is never in my drawer! Thank you for a product worth purchasing."

- Louanne L.
