

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	May 1, 2019
TOPIC	Significant layoffs due to financial reasons
SUMMARY OF ISSUE	Imperative laid off four employees. The company could not financially support these positions. The company worked to figure out short-term and longer term solutions. Ultimately, the decision was made to downsize the team because the options weren't solving the issue. The company gave the group of 4 individuals affected as long of a notice as possible and supported their transition.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	Four individuals were laid off, representing one-third of the employees at the time.
IMPACT ON STAKEHOLDER(S)	Layoffs have a direct impact on an employee's financial security. In this case, four employees lost their jobs. Imperative gave as much notice as possible to those affected in order to mitigate any potential hardships.
IMPLEMENTED MGT PRACTICES	The company has outlined roles and resources across the company that align with its organization goals this year.
OTHER MANAGEMENT COMMENTS	The decision to downsize our team at that time was our last option. We made sure we were transparent about the organizational challenge at that time with the entire team throughout the process. Transparency and "sense of team" is important even during difficult decisions. We are proud to say we are now in a position of growth.
RELATED INCIDENTS	No
