Disclosure Report
Date Submitted: April 23rd, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Operations located in Conflict Zones

Topic	Company has suppliers located in Conflict Zones
Summary of Issue	<p>Finisterre is a UK-based outdoor and surfwear brand that has Tier 1 suppliers in Ukraine, providing cut, make, and trim facilities for apparel. The company relies on these suppliers for their technological expertise and knowledge in garment construction.</p> <p>According to the Global Conflict Tracker, Ukraine is classified as a conflict zone due to ongoing war.</p>
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	In the last fiscal year, less than 0.7% of the company's purchases came from conflict zones.
Impact on Stakeholder(s)	<p>Business activities located in conflict zones are considered high-risk as they are more likely to cause or contribute to the conflict and/or sociopolitical instability.</p> <p>Countries classified as conflict zones are more likely to have a weak rule-of-law or a corrupt judicial system, which could undermine the effectiveness of operational grievance mechanisms for these businesses and their suppliers. In addition, the safety of the company's workers and other potential human rights violations are at risk.</p>
Implemented Management Practices	<p>The company's suppliers have worked with Ukrainian manufacturing facilities and their subcontractors for over ten years. However, due to the ongoing war in Ukraine, they have had to pause many of these partnerships because of the violence. Despite these challenges, the supplier is committed to supporting the remaining Ukrainian facilities that are located outside of major conflict zones. They will continue to operate as long as it is safe to do so.</p> <p>Since on-site visits are not possible, the company has implemented alternative safety measures:</p> <ol style="list-style-type: none">1. Initial Screening: A desktop assessment, including a self-assessment questionnaire, ensures compliance with

	<p>Finisterre's Code of Conduct and Anti-Trafficking Policy.</p> <p>2. Audit Review: An evaluation of the latest independent audit report from Fair Working Conditions (2021).</p> <p>3. Ongoing Monitoring: Regular email and phone communication with the supplier to assess risks and ensure compliance.</p> <p>The company is dedicated to transparency in its supply chain and facilities; it openly shares its relationship with this supplier on its website.</p>
