Products & Services

- **Villas & Chalets by Lukevent**

- Villas in Italy (Tuscany & Umbria) and the Balearics
- Chalets in Switzerland, Austria and Northern Italy (South Tyrol)

Our remit is to provide everything else that accompanies a stay in one of our personally selected properties. We work exclusively with owners directly and there are no limits to our services. Should the client need a private chef for culinary delicacies, a private event or excursions on the water to explore hidden coves, we make wishes a reality.

- **Travel by Lukevent**

Private tours in the Alpine region (Austria, Switzerland, Italy, Bavaria) with a local guide including authentic experiences e.g. activities (e-mountain biking, hiking, cooking classes, wine tastings,...), special hut evenings, generational programmes, city tours, off the beaten track locations etc.

There are alternatives in our summer and winter seasons portfolio, which can be adapted according to the client's needs, locations, and age group. All experiences are operated by licensed local tour guides. We are also specialized in guided e-bike and hiking tours in summer and ski mountaineering/snowshoe tours in winter, which are always accompanied by professional instructors. Our team shares a passion for these activities!

- **Private events**

We will find the right location, provide stunning decorations and exquisite catering. Each event can be arranged flexibly in terms of duration. There is no limit to the variety of musical entertainment we can organise, from traditional bands to modern DJs.

- **Munich Package including one day at the Oktoberfest**

Years of experience, loyal customers and a fantastic team on site mean we can make the Oktoberfest an unforgettable experience for our clients. Our team in Munich will also be happy to advise on traditional costumes and customs.
