

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	April, 2023
TOPIC	Significant layoffs due to COVID-19 pandemic.
SUMMARY OF ISSUE	During the COVID-19 pandemic, McCabe had to enforce temporary layoffs due to work shortages as a result of the Ontario government's directive to shut down all non-essential services. This action was crucial to the survival of the company during the unprecedented times and to guarantee the well-being of staff and the community. The temporary layoffs were limited to a period of up to 13 weeks, and all employees were given the opportunity to return to work within that timeframe.
"SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)"	22 employees were laid off in March of 2020, representing 47% of the company's employees at that time.
IMPACT ON STAKEHOLDER(S)	Affected employees were impacted by temporary loss of income and job security, which may have caused affected employees to feel a sense of uncertainty and stress.
IMPLEMENTED MGT PRACTICES	To mitigate any potential adverse effects, the impacted employees were given benefits such as health and dental coverage which were continued during the temporary layoff period. Furthermore, resources were made available to support affected employees in their Employment Insurance benefits applications, which helped alleviate some of the financial burden caused by the layoff.
MANAGEMENT COMMENTS	In a display of prioritizing their employees' needs and financial well-being, the company's working owners were the first to be temporarily laid off and the last to return to work.
RELATED INCIDENTS (YES/NO)	No
