

Keeping Ireland connected when it matters most.

Deliver secure, high-ROI SMS that drives revenue, engagement, and trust — powered by 100% Irish infrastructure.

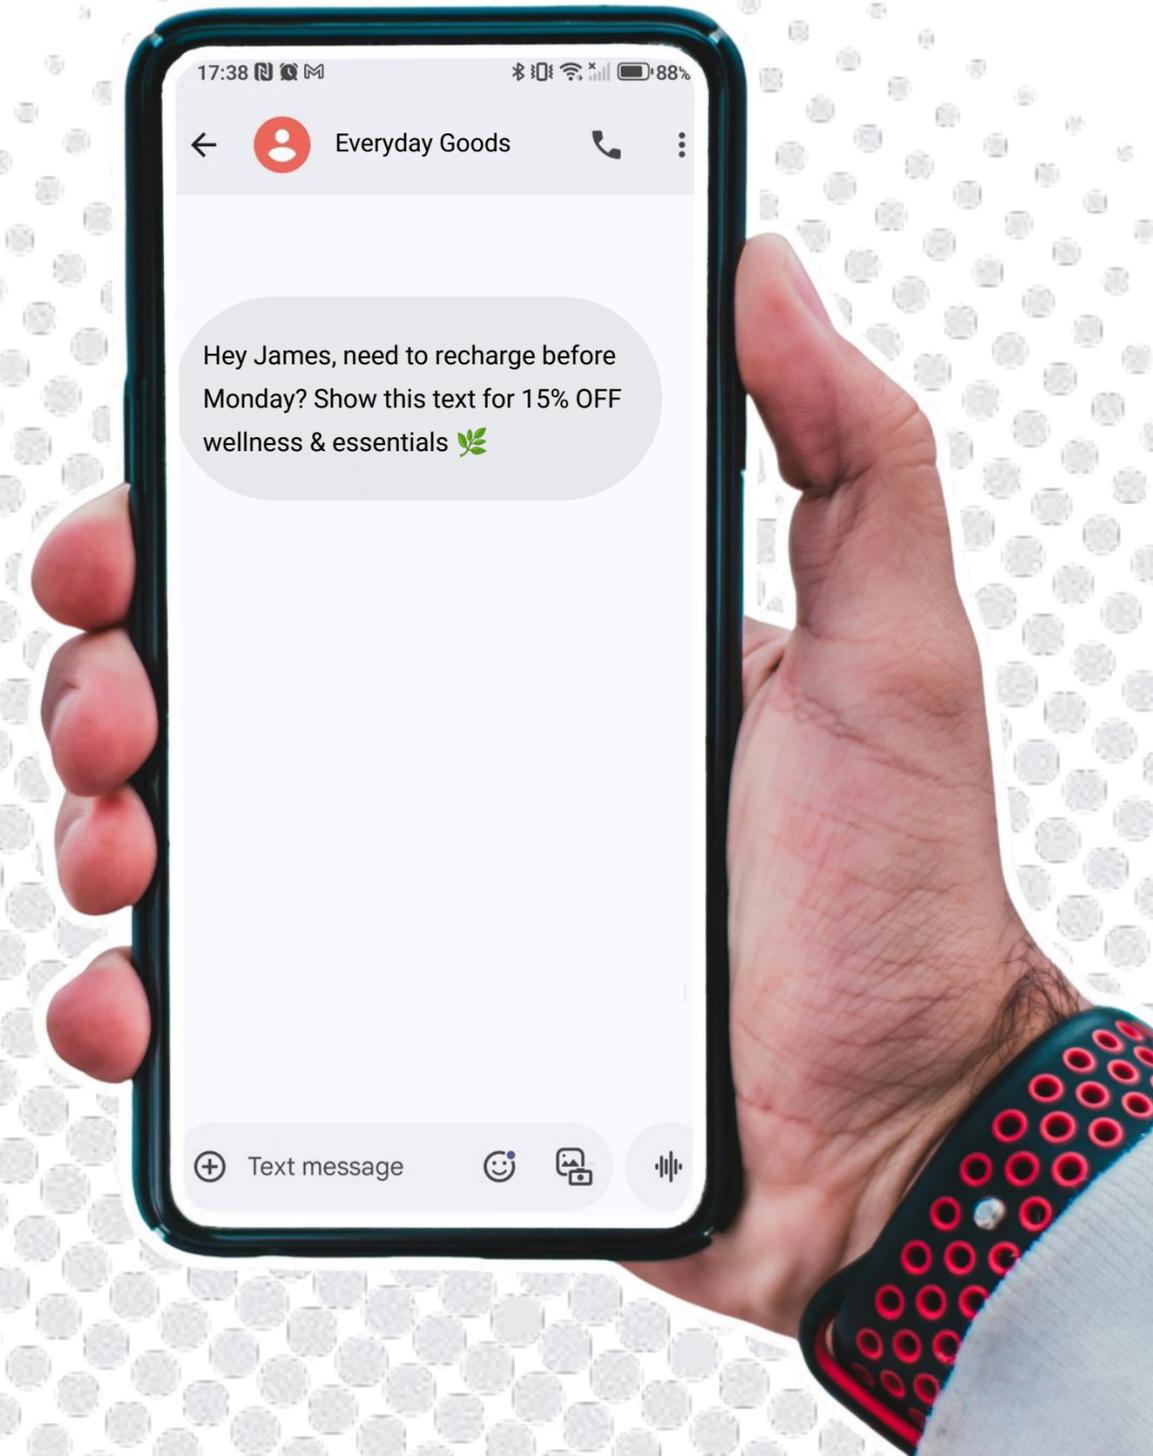

What is A2P SMS?

A2P SMS (Application-to-Person) allows automated texts from systems to customers.

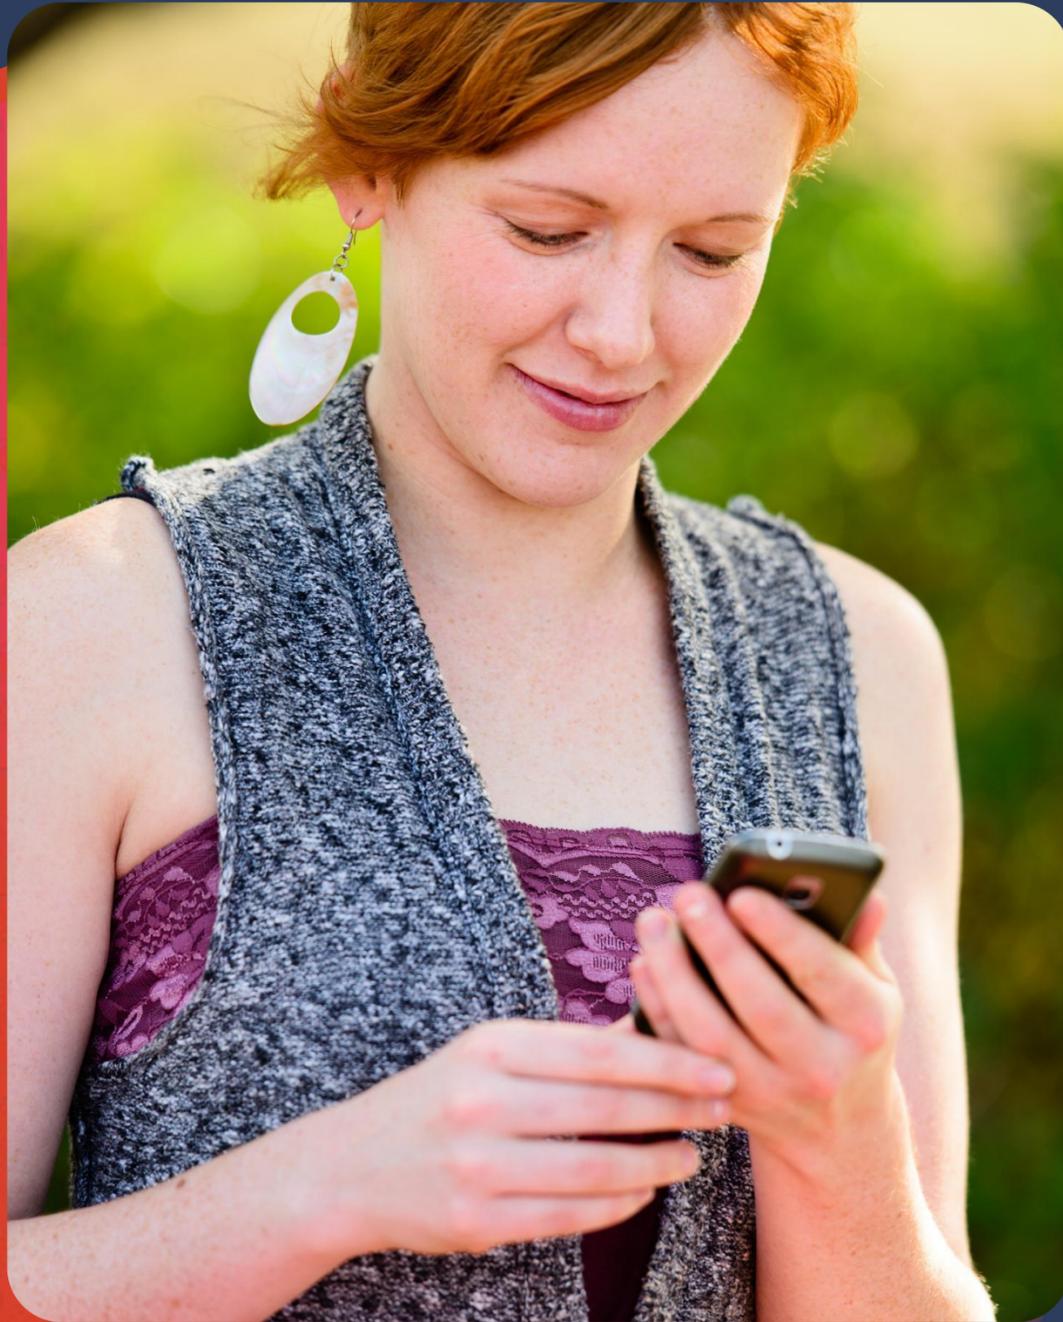

Ideal for promotions, alerts, verification codes, and service notifications.

98% open rate within minutes — faster than email.

Ensures instant, reliable communication.

Why use SMS messaging?

 98% open rate (vs 20% for email)

 10-65x ROI on every euro spent

 10-32% action rate (5x higher than social media and email)

Use Cases

- Retail: drive footfall & repeat sales
- Healthcare: send secure reminders
- Utilities: deliver instant alerts
- Finance: Send secure alerts & payment notifications
