

Amamus Ltd

Disclosure Report

Date Submitted: August 12th, 2023

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company

Disclosure Questionnaire

Industries and Products

	Yes	No
Please indicate if the company is involved in production or trade in any of the following. Select Yes for all options that apply.		
Animal Products or Services	☐	☒
Biodiversity Impacts	☐	☒
Chemicals	☐	☒
Disclosure Alcohol	☐	☒
Disclosure Firearms Weapons	☐	☒

Business in Conflict Zones	☒	☐
Child or Forced Labor	☐	☒
Negative Environmental Impact	☐	☒
Negative Social Impact	☐	☒
Other	☐	☒

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Suppliers in Conflict Zones

Topic	amamus Ltd sourced coffee beans from Ethiopia
Summary of Issue	The company is a wholesale/retailer of coffee based in the UK. amamus Ltd. purchased ground coffee beans indirectly from Ethiopia's underserved farmers through an importer. The country is listed as a conflict zone in World Bank's FY23 List of Fragile and Conflict-affected Situations .
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	Purchases coming from Ethiopia represented 1.1% of the company purchases in 2022.
Impact on Stakeholders	As per the OECD, conflict zones are often characterized by widespread human rights abuses and violations of national or international law. The security of company workers who work in such areas could also be at risk.
Implemented Management Practices	The company reported that "all of amamus' supplier relationships are focused on ensuring environmental and social responsibility. Traceability is central to this and amamus selects the importers they work with to minimize potential risks in these areas".
