IMPACT BUSINESS MODELS

0.0

This IBM section is applicable to companies in underdeveloped markets designed to strengthen national economic development via privatization or import substitution.

National Economic Development Characteristics

Which of the following was your company designed to contribute to the national economic development in its country of operations?

Your answers determine which future questions in the assessment are applicable to your company.

- ☐ Import substitution: Prior to company's entry into the local market, over 80% of the product it manufactures or delivers was only available via import or from foreign companies
- ☐ Privatization: Company privatized manufacturing or service delivery of its core products/services within last 5 years (transitioned from government operations)
- ☒ None of the above

Points Available: 0.00

Environment Impact Area Introduction

0.0

This section asks about your environmental footprint to determine which questions are applicable later on in the assessment. It also identifies whether your company's product/service is designed to deliver a specific, material, positive environmental impact, and if so, opens the Environmental Impact Business Model section that is most applicable.

Land Under Cultivation

Does your company control any land under cultivation?

This question will help to pre-fill the N/A option for questions not applicable to your business.

☒ Yes

☐ No

Environmental Business Model

Are your company's products/services or processes structured to restore or preserve the environment in any of the following ways? (Please note: the environmental impact of your day-to-day operations will be assessed in the remaining sections of the Environment Impact Area. This question is specifically asking about your products/services or innovative production processes.)

Answering affirmatively will opt you into additional sections of the B Impact Assessment with more specific questions about this Impact Business Model.

☐ Through an innovative manufacturing, wholesale or agriculture process which is designed to significantly reduce environmental impact compared to typical practices for the industry

☒ Through a product or service that preserves, conserves, or restores the environment or resources

☐ None of the above

Description of Positive Environmental Product / Service Impact

How would you describe the positive outcome for the environment created by your product/service?

Como resultados ambientais positivos, podemos destacar o aumento da biodiversidade, a criação de um solo vivo, o bem-estar animal, a regeneração dos ecossistemas de modo geral com uma produção regenerativa e conservacionista.

Points Available: 0.00

Environmental Product or Service Impact

Is the environmental impact you've described part of your products' or services' impact (excluding packaging), or is it a part of the way that your company operates?

Companies should earn revenue from the product or service that has an environmental impact. Please do not include pro bono efforts within this section.

- ☒ The impact is created by a revenue-generating product/service line (e.g. selling non-toxic cleaning products, sustainability consultancy)
- ☐ The impact is created by the company's daily operations (e.g. using non-toxic cleaning products in the company's headquarters) and not the core product/service

Points Available: 0.00

Environmental Product Benefits

In what way or ways does your product/service conserve the environment?

Please select ONE option per product line. You may select an additional option if your product line has two separate environmental attributes.

- ☐ Provides or is powered by renewable energy or cleaner-burning energy than market alternatives (e.g. solar panel manufacturers/installers, hybrid vehicles)
- ☐ Conserves or diverts resources (including energy, water, materials, etc.)
- ☐ Conserves or preserves the well-being of land and/or animals (e.g. land protection or reforestation services, sustainably harvested agricultural products)
- ☒ Reduces or is made of less toxic/hazardous substances (e.g. brownfield remediation services, organic certified food, non-toxic cleaners)
- ☐ Educates, measures, researches, or provides information to solve environmental problems (e.g. environmental consulting or auditing)
- ☐ None of the above
