

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	November 2017 - January 2018
TOPIC	Significant layoffs due to unsustainable overheads whilst the business was unprofitable
SUMMARY OF ISSUE	On 2017, the level of spend on salaries was unsustainable and the company would not have survived unless they made redundancies. As a result, they had to make greater than 20% headcount reduction. The laid-off staffs were all on the marketing side of the business.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	5 employees were laid off, representing 42% of the company's employees at that time.
IMPACT ON STAKEHOLDERS	Primary impact was loss of employment for affected employees.
IMPLEMENTED MGT PRACTICES	The company worked with laid-off employees as practically as possible to help them transition into other jobs. They were not able to offer additional financial support but they supported them in other ways, which includes helping them with their CVs and giving good written references. These employees were able to quickly get new jobs during that time.
OTHER MANAGEMENT COMMENTS	We are still in touch with most ex employees today and still have occasional weekend support from them when we have trade/consumer shows and need short-term staffing.
