COBRAND BROCHURE

FUNDING FOR CHANGE

Sustainable Branded Water Bottles

Bottles that represent eco-values. A B-Corp organisation that manufactures and supplies responsibly. Onegreenbottle has been manufacturing stainless steel bottles since 2006.

What product gets used more habitually than a water bottle?

It goes with you from home, to work, to the gym, spreading your message everywhere it goes!

1% of turnover contributed to fund Carbon Removal with Stripe Climate

SEDEX and BCSI and ISO14001 compliant manufacturing

Certified B Corporation

Together we have saved Billions of single use plastic bottles from the Ocean

We have committed to removing 50 plastic bottles from ocean bound rubbish for every single bottle sold. Every bottle will go on to replace thousands of single use plastic bottles. 1000gms of plastic is removed from the ocean for every single onegreenbottle you purchase!

LASER ETCH - LATEST TECHNOLOGY

Laser Etching

We can laser etch into the powder coating on bottles for a durable, permanent mark. Our lasers are the highest level of technology and can even reproduce photographic quality etchings.

FULLY BESPOKE BOTTLES

Choose to match your brand colours - we can match any pantone ref colour, select accessories in preferred colours and design your own bespoke cylinder or box card packaging

WOMEN
BUILT

Proud to be the Official Water Bottle Supplier to TeamGB Olympic and Paralympic Games. - Rio, Tokyo, Paris and Winters Beijing, Seoul and Milan 2026

Botl (or onegreenbottle) supply the actual bottles used by the athletes. Loved for their fast flowing and easy-to-use sports caps, certified toxin free stainless steel and genuine eco credentials, Botl keeps athletes hydrated when they need it most.

Bespoke designs, supplied in bespoke cylinders, they make a great keep sake for the athletes that have reached the top of their game.

TESTIMONIAL FROM THE OLYMPIC COMMITTEE

“ The heat of the Tokyo 2020 Olympic Games presented Team GB with a specific challenge to provide an insulated water bottle that kept drinks cold for athletes in the hot and humid climate. Onegreenbottle supplied Team GB with a branded steel bottle with a sports cap which performed well under these intense conditions and undoubtedly helped give Team GB a performance advantage. ”

THE EVOLUTION
