

Our Mission

To nourish the world with delicious foods at affordable prices without compromise. Cultivating organic ingredients, sustainability, and wholesome standards to build a healthy, happy tomorrow, together!

Philanthropic Statement

To Nourish a World that is hungry for more than what they had yesterday and more than what they are being promised today. To continually push boundaries and raise awareness that abundance in food is not guaranteed, but those that push for a better tomorrow will fight to ensure that it is a right.

Portlandia pledges .2% - .4% annually in donations to the community and the environment, consisting of both cash contributions and in-kind donations. We support local nonprofits in an effort to improve the lives of those in need.

Company staff participate in service work in one or more of the following: hunger, health & wellness, education and the environment. Our company focus, aligned with our mission and values, is placed on feeding the community by providing organic, healthy food to promote health and sustainability.
