Disclosure Report

Date Submitted: January 22nd, 2024

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Alcohol

Lovat Parks is involved in the production or sale of alcohol, which has risks of potential negative impact on the health and well-being of individuals and their communities. Based on the size of the company, these impacts may be limited. Certified B Corps are required to make transparent their involvement in such industries.

If you or someone you know is aware of any specific practices of this company related to their marketing or other topics that could contribute to the negative impacts of alcohol, and that may constitute a violation of the B Corp standards, please contact us via our [public complaints procedure](#).

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Facilities located in sensitive ecosystems

Topic	Lovat Parks operates lodging/accommodations for holidaymakers in a sensitive ecosystem. It is in/adjacent to Area of Outstanding Natural Beauty (AONB) which is protected under the CROW Act 2000 and floodplains which is protected under Flood and Water Management Act 2010.
Summary of Issue	The company offers a lodging service and homeownership in parks designated as Areas of Outstanding Natural Beauty and floodplains in locations such as Cornwall, Norfolk, Suffolk and New Forest.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	25% of the company's facilities, in terms of area, are located adjacent to a sensitive ecosystem.
Impact on Stakeholders	Having facilities/operations near protected/sensitive ecosystems can potentially impact the flora, fauna and quality of the ecosystem (e.g. noise & light pollution from the facilities, spills, air / soil / water pollution owing to the company's operations).
Implemented Management Practices	<p>The company was required to carry out a technical assessment relating to environmental aspects such as ecology, landscaping and drainage by the National Park Authority to mitigate the impact of development on the environment. Approval was given and planning conditions were attached to ensure the mitigation measures in the technical report were adhered to. As part of this environmental assessment that was granted, several actions in relation to environmental protection were required, which were implemented. These were, among others:</p> <ol style="list-style-type: none"> 1. To create front fields of the site to be converted to grassland meadow habitat. This has been fully complied with and resulted in improved habitats for local wildlife. 2. To retain dead wood within the woodland areas to support saproxylic invertebrates and fungi. 3. Invasive plant growth (Rhododendron) to be removed from the woodland areas to allow native species of flora to reoccupy the woodland floor. 4. To install a coded gate at the sole point of access of the AONB as well as the erection of signage setting out the National Park rules to park residents to control the levels of usage of the park.

	In terms of parks within a floodplain, the local council required a Flood Risk Assessment and Evacuation Plan which was approved. A copy of the Flood Warning and Evacuation Plan shall be displayed within the development site at all times in prominent locations and this has been fully complied with.
