

DRAGON COLOMBIA SAS

Disclosure Report
Date Submitted: April 13th, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

B Lab's Public Complaints Process

Any party may submit a complaint about a current B Corp through [B Lab's Public Complaint Process](#). Grounds for complaint include:

- 1) Intentional misrepresentation of practices, policies, and/or claimed outcomes during the company's [certification process](#)
- 2) Breaches of the B Corp Community's core values as expressed in our [Declaration of Interdependence](#)

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Energy and Emissions Intensive Industry

DRAGON COLOMBIA SAS is involved in the production/sale of products, or is part of an industry that can potentially be classified as energy and emission-intensive, meaning that they are more likely to have significant impacts on the environment based on their carbon emissions associated with their operations and their contribution to climate change. Certified B Corps are required to make transparent their involvement in such activities or industries.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Water Intensive Industry

DRAGON COLOMBIA SAS is involved in the production/sale of products, or is part of an industry that can potentially be classified as water intensive, meaning that they are more likely to have significant impacts on the environment, such as water stress or depletion of local water sources if water use is not appropriately managed. Certified B Corps are required to make transparent their involvement in such activities or industries.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Accidental Hazardous Discharge

DRAGON COLOMBIA SAS reported that it had two accidents in the last 5 years. Accidental hazardous discharge poses significant risks to both the company responsible for the discharge and the surrounding communities. Exposure to hazardous substances released during the discharge can pose immediate health risks to workers and residents. Accidental discharge can cause extensive damage to the environment, including contamination of soil, water bodies, and air. This pollution can harm ecosystems, wildlife, and vegetation, disrupt local habitats, and contaminate food and water sources. Certified B Corps must make their involvement in the industry transparent under their B Corp Profile.
