

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

B Corp Certification - Disclosure Questionnaire Documentation

PROVIDED BY: Ceres Organics UPDATED AS OF: 2 August 2022

DISCLOSURE QUESTIONNAIRE CATEGORY	Recalls
TOPIC	Recalls due to control issues.
SUMMARY OF ISSUE	"Ceres Organics has had 8 recalls in the last five years due to contamination, mislabelling and regulations around laxatives/weightloss products. February 2019: Supplier/process issue: Voluntary recall of product that may contain undeclared gluten due to incorrect production scheduling. April 2019: Supplier issue: Potential choking hazard due to packaging issues. November 2019: Ingredient classification issue: Product contained input material classified by NZ Ministry of Health as a drug and Pharmacy only medicine. January 2020: Supplier/process issue: Iodine levels exceeded RDI levels. April 2020: Supplier/process issue: Undeclared gluten found in product. July 2020: Human/training error: Kombucha cans sold in ambient temperatures mislabelled as ""Keep Refrigerted"". January 2021: Supplier issue: Product tested to have Ethylene Oxide residue higher than maximum residue limits. Global recall required. August 2021: Supplier/process issue: Undeclared gluten found in product."
SIZE/SCOPE OF ISSUE e.g. \$ financial implication, # of individuals affected)	"At total of 43,902 units were recalled across the 8 recalls in question with no reported illnesses. - February 2019 (< 2% of the sales) - April 2019 (<1% of the sales) - November 2019 (~0% of the sales) - January 2020 (<1% of the sales) - April 2020 (<1% of the sales) - July 2020 (<1% of the sales) - January 2021 (<2% of the sales) - August 2021 (<1% of the sales)
IMPACT ON STAKEHOLDERS	"Ceres Organics had no reports of consumer illness/injury (other than minor dental work), however, the potential for injury/illness included allergic reaction, chocking hazard, risks associated with laxatives, and thyroid gland inflammation. The Ministry for Primary Industries (MPI) in New Zealand classified 3 products as an Allergen Product Recall and MedSafe classified another product as Physical Contaminant (Choking hazard). The other products are unclassified as they were product withdrawals. "
IMPLEMENTED MGT PRACTICES	"Depending on the product, classification and severity of the recall, Ceres Organics has either; a) implemented additional testing, controls and verification requirements at a supplier level; b) worked closely with suppliers on remediation; c) ceased importation and distribution, or; d) stopped production of product.
RELATED INCIDENTS (YES/	Ceres Organics has not experienced other product recalls or withdrawals.
