Disclosure Report

Date Submitted: September 17th, 2024

## Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

### B Lab's Public Complaints Process

Any party may submit a complaint about a current B Corp through [B Lab's Public Complaint Process](#). Grounds for complaint include:

- 1) Intentional misrepresentation of practices, policies, and/or claimed outcomes during the company's [certification process](#)
- 2) Breaches of the B Corp Community's core values as expressed in our [Declaration of Interdependence](#)

Disclosure Questionnaire Category: Other - Disclosure Industries

<b>Topic</b>	Clients in Controversial Industries
<b>Summary of Issue</b>	<p>CarbonEthics is an organization that provides natural climate solutions and has had clients in controversial industries such as Bottled water companies, For-profit higher education, fossil fuels (non-coal/oil sand) and Whole life insurance products.</p> <p>The nature of the company's services with clients in these industries has been related to assisting clients' environmental Corporate Social Responsibility through mangrove planting and developing carbon offset projects and providing training related to climate solutions.</p> <p>All services can be sold to both controversial as well as non-controversial industries.</p>
<b>Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)</b>	In the fiscal year of 2023, an estimated total of 14.5% of revenue was generated through the clients in controversial industries as mentioned above.
<b>Impact on Stakeholders</b>	<p>Companies that work with clients in controversial industries can indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry.</p> <p>B Lab has flagged the involvement of companies with clients in controversial industries as a material issue and new standards will be created to address possible risks related to this matter.</p>
<b>Implemented Management Practices</b>	CarbonEthics currently does not have a specific position on working with clients in controversial industries. CarbonEthics intends to accept clients from various industries, including controversial industries with a condition that potential clients have a target to reduce their Greenhouse Gas (GHG) emissions from their operational activities by as much as 70%. This condition is based on the guidance provided by the Ministry of Environment and Forestry Indonesia.

	CarbonEthics is moving towards not accepting clients potentially involved in greenwashing. This position is currently in the initial stage of being formalized.
<b>Management Comments</b>	<p>The company's management is in the discussion stage in deciding if it should create due-diligence processes and Standard Operating Procedure (SOP) for all potential clients.</p> <p>CarbonEthics continues to follow regulations and guidelines from relevant ministries such as the Ministry of Environment and Forestry Indonesia and apply those guidelines in providing its services to all clients. CarbonEthics ensures that any product/service provided or used by its clients are within the regulation and does not harm the environment and society.</p>
