**Subsidiaries**

As the B Corporation Certification is a company-level certification, the assessment of a Parent Company is required to include its subsidiaries in which it owns >50% of the shares and has controlling interest. Depending on the operations of the certifying company, Parent Companies may roll up their subsidiaries into a single assessment or assess separately.

Regardless of whether a Certified Parent Company's subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations.

Subsidiaries that currently meet the performance requirement are:

- Intrepid Group Ltd
- Intrepid Travel/PEAK DMC Sri Lanka
- PEAK DMC Morocco
- PEAK DMC Cambodia
- PEAK DMC Malaysia

**Brands**

Brands that are not distinct operating subsidiaries included in the Parent Company's certification are not Certified B Corporations themselves, but may use the Certified B Corporation logo if B Lab has determined they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company's certification.
