

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

B Corp Certification - Disclosure Questionnaire Documentation

PROVIDED BY: Coast Capital Credit Union

UPDATED AS OF: 4.30.2018

DISCLOSURE QUESTIONNAIRE CATEGORY	Disclosure Outcomes
ISSUE DATE	The scheme was discovered by Coast Capital in the beginning of 2012. Authorities were notified immediately.
ТОРІС	Material Litigation
SUMMARY OF ISSUE	In early 2012, it was discovered that some members of Coast Capital had been victims of a Ponzi scheme led by a Vancouver notary, Rashida Samji. Ms. Samji was not employed by Coast Capital and had no affiliation with Coast Capital. A Coast Capital financial advisor, Arvin Patel, had invested with Ms. Samji and had discussed the scheme with some members and staff. The scheme, presented as an investment in a wine and spirits company, had nothing to do with any Coast Capital product. Coast Capital uncovered and reported Ms. Samji's scheme and Mr. Patel's involvement in the scheme to the relevant authorities, and cooperated fully with subsequent investigations. Coast Capital suspended Mr. Patel immediately upon hearing the allegations, and his employment with Coast Capital came to an end two weeks later. Individual law suits and a class action claim was commenced against Samji, Patel, Coast Capital and other financial institutions. The matter was settled in 2014. Both Ms. Samji and Mr. Patel have been subject to criminal and securities proceedings.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	The BC Securities Commission levied a \$33 million fine against the Vancouver notary, Ms. Samji, for her orchestration of the Ponzi scheme, which she perpetrated through a number of financial institutions. Patel in his individual capacity entered into a settlement agreement with the BC Securities Commission dated April 12, 2012 and was also charged criminally for his individual participation in the scheme.
IMPACT ON STAKEHOLDER(S)	Unknown
RESOLUTION	The civil proceedings against Coast Capital were resolved in 2014 by confidential settlement before trial.
IMPLEMENTED MGT PRACTICES	No management changes were deemed necessary as the scheme was that of a rogue operator.
