

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

B Corp Certif	fication - Disclosure Questionnaire Documentation			
PROVIDED BY:	Rentcars			
UPDATED AS OF:	November 5, 2018			
DISCLOSURE QUESTIONNAIRE CATEGORY	Labor (Employees internal)			
ISSUE DATE	Cases in Process as of 2018			
TOPIC	Labor lawsuits filed by Rentcars employees			
SUMMARY OF ISSUE	Labor suits involve a range of actions which primarily include claims of recharacterization of the employment relationship, additional severance, benefits or overtime.			
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	"As of October of 2018, Rentcars LTDA has 3 open labor lawsuits with a total claim cost of R\$309,660.77 and a projected payout of R\$5,945.49, yielding a 1.92% expected payout rate. In the last 5 years, there were also 2 labor lawsuits against the company that were dismissed by the court, and 2 labor lawsuits that resulted in a paid settlement. The average payout rate for these settlements was 2.68%. Compared to a total base of 230 employees, this yields a litigation rate of 3.04% over the last 5 years."			
IMPACT ON STAKEHOLDER(S)	Financial impact on employees.			
RESOLUTION	To date, all labor suits filed against Rentcars have either been dismissed by the courts, or resulted in a settlement with no judicial condemnation. Three lawsuits are pending and have not yet been resolved.			
	Upon being notified of a formal lawsuit, Rentcars LTDA, as common practice, will hold an internal investigation on the reasons leading to said lawsuit and, if deemed necessary and/or appropriate, employ corrective measures so to avoid a future reoccurrence.			
MANAGEMENT	Considering the company's legal history since its founding, where not a single tried case judged Rentcars as culpable for the allegations, Rentcars considers the probability of loss in the 3 open cases to be extremely remote. Further to the point, there is a high discrepancy between the claim values and settlement payments in past cases, thus implicating a lack of merit to back such allegations.			
RELATED INCIDENTS? (Y/N)	There have been seven total labor lawsuits (inclusive of the three pending lawsuits) in the last five years.
