

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE

Company Name: Sea to Table
Date Submitted: September 2018

Disclosure Industries	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.

Company has had material breaches of individual's confidential information		✓

B Corp Certification - Disclosure Questionnaire Documentation	
PROVIDED BY:	Sea to Table
UPDATED AS OF:	09/27/2018
DISCLOSURE QUESTIONNAIRE CATEGORY	Supply Chain
ISSUE DATE	June 2018
TOPIC	Investigation into Sea To Table's Marketing and Supply Chain Practices
SUMMARY OF ISSUE	An Associated Press investigation of Sea To Table's supply chain made several allegations that some products sold by the company were not in line with its stated mission to "deliver wild, domestic, sustainable and traceable seafood." While some of the allegations were ultimately unfounded or inaccurate, the investigation did illuminate that one of Sea To Table's seafood suppliers was not compliant with the company's Supplier Agreement, which caused misleading traceability information to be provided to customers.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	The supplier of Sea to Table that was found to be noncompliant with its Supplier Agreement accounted for 2.3% of purchases during fiscal year 2017.
IMPACT ON STAKEHOLDER(S)	Some customers were provided with inaccurate sourcing locations and/or fishing vessel names for their seafood orders, which in some cases led customers to believe the products were locally caught when they were not.
RESOLUTION	Per the decision of B Lab's independent Standards Advisory Council, B Lab will review Sea To Table's supply chain screening processes and audit functions in one year to assess the company's progress in addressing this issue.
IMPLEMENTED MGT PRACTICES	Sea To Table severed ties with the supplier named in the investigation, offered to conduct traceability audits for all customers, and adjusted their marketing claims in the products they sell in response to the allegations.
REPORT	AP article: https://www.apnews.com/73646ad2aac4666a7124806b2e6a5bc Sea To Table response: https://www.sea2table.com/blog/tales-from-the-dock/letter-from-our-founder/
OTHER MANAGEMENT COMMENTS	Sea to Table continues it's unwavering commitment to be a leader and driver of positive change to the sustainable seafood movement.
RELATED INCIDENTS (Yes/No)	No
