

Dictuc S.A

Disclosure Report

Date Submitted: February 13th, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company

Disclosure Questionnaire

Industries and Products

	Yes	No
Please indicate if the company is involved in production of or trade in any of the following. Select Yes for all options that apply.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Other - Clients in Controversial and Ineligible Industries

Topic	Clients in Controversial and Ineligible Industries
Summary of Issue	Dictuc has clients in the following industries: Mining. The types of services/products offered to these clients include: - Consulting and Research Studies - Certification - Laboratory Tests - Technical Training - Inspections - Expert Reports - Technology Transfer
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	In the last fiscal year, 8% of the company's annual revenue was from clients in the mining industry.
Impact on Stakeholder(s)	Companies that work with clients in controversial industries can directly or indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry. Companies offering certain types of services and products to controversial clients are required to have at minimum a grievance/complaints mechanism and a whistleblower protection policy.
Resolution	
Implemented Management Practices	Dictuc has the following mechanisms in place to manage the risks related to their business relationships with clients in controversial and ineligible industries: Grievance/complaints mechanism. This is accessible to the public through the company's webpage. Once the complaint is received, the company contacts the complainant within 5 days for acknowledgement of receipt and within 30 days for the

	delivery of the response. It is important to note that Dictuc watches over the confidentiality of information to ensure no reprisals from anyone against the whistleblower. The acceptance of the complaint is subject to review by Dictuc, taking into account Dictuc's business turnover and the scope of responsibility in the situations exposed. The response to the complaint will be delivered via electronic mail. Whistleblower Protection Policy. The policy includes the following statements: • It is important to note that Dictuc ensures the confidentiality of the information and that there are no reprisals of any kind towards the whistleblower. • Any person who believes that, for having filed a complaint, claim or report, he or she has suffered retaliation, will have a period of sixty (60) calendar days from the respective act of retaliation to submit a request for protection, together with all relevant information and documentation that supports his or her request. • If the EPD determines that retaliation has indeed been established against the reporting person, it may make recommendations to the Compliance Committee on the advisability of implementing measures to correct the negative consequences suffered as a result of the retaliatory action. Such recommendations may include, among others, the application of disciplinary measures, if appropriate.
