

Unimed Procurement Services Ltd

Disclosure Report

Date Submitted: January 29th, 2026

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company

Disclosure Questionnaire

Industries and Products

	Yes	No
Please indicate if the company is involved in production or trade in any of the following. Select Yes for all options that apply.		
Animal Products or Services	☐	☒

Other	☐	☒

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Water Intensive industry

Unimed Procurement Services Ltd is involved in the production/sale of products, or is part of an industry that can potentially be classified as water intensive, meaning that they are more likely to have significant impacts on the environment, such as water stress or depletion of local water sources if water use is not appropriately managed. Certified B Corps are required to make transparent their involvement in such activities or industries.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Other Operations located in Conflict Zones

Topic	Company operates in Conflict Zones
Summary of Issue	Unimed Procurement Services Ltd supplies medical products to regions affected by conflict through partnerships with Emergency Relief Organisations. Destinations include Burkina Faso, the Democratic Republic of the Congo, Haiti, Lebanon, and Ukraine. These countries are listed as conflict zones in FY25 List of Fragile and Conflict-affected Situations and Global Conflict Tracker .
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	In the last fiscal year, the following % of company's revenues came from each conflict zone: - Burkina Faso: 2% - the Democratic Republic of the Congo: 3% - Haiti: 5% - Lebanon: 1% - Ukraine: 3%
Impact on Stakeholder(s)	Business activities located in conflict zones are considered high-risk as they are more likely to cause or contribute to the conflict and/or sociopolitical instability. Countries classified as conflict zones are more likely to have a weak rule-of-law or a corrupt judicial system, which could undermine the effectiveness of operational grievance mechanisms for these businesses and their suppliers. In addition, the safety of the company's workers and other potential human rights violations are at risk.
Implemented Management Practices	Unimed Procurement Services Ltd has established a Code of Conduct aligned with the UN Global Compact that sets expectations for ethical business conduct, human rights, labor standards, environmental responsibility, and anti-corruption. The Code is intended to reduce the risk that the company's operations or supply chain contribute to conflict, human rights abuses, or unethical practices. Key measures include an anti-bribery and anti-corruption policy prohibiting improper payments and requiring transparent
