

Score Roll Up Methodology Torrens University Australia 2022

As the B Corporation Certification is a company-level certification, the assessment of a Company is required to include its subsidiaries in which it owns >50% of the shares and/or has controlling interest. Depending on the operations of the certifying Company and its subsidiaries, the Company may consolidate its impact measurement into one assessment for the Company and its subsidiaries or assess separately

Regardless of whether a Certified Company and its subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations.

Aggregated Scoring Methodology

Torrens University Australia and its affiliated entities were required to be assessed in the B Impact Assessment and undergo a review by B Lab staff.

Torrens University Australia and its affiliated entities were divided into two assessments, and the overall score was calculated using a weighted average based on revenue.

The two assessments are as follows:

- Torrens University Australia/(TUA)/THINK Education Group
- Media Design School

Torrens University Australia scored an overall 90 out of 200 total available points. The minimum verified score required for B Corp Certification is 80.

The table below shows the scores for the individual assessments:

Legal entity/Company name	BIA Score
Torrens University Australia/(TUA)/THINK Education Group	89.8
Media Design School	94.3
