Disclosure Report
Date Submitted: March 13th, 2024

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Other - Clients in Controversial Industries

Topic	Company serves clients in Controversial Industries
Summary of Issue	eCycle is a company dedicated to promoting content and solutions for sustainable consumption, working with clients in controversial industries, such as pharmaceuticals. Their products and services can also be sold to non-controversial industries.
Size/Scope of Issue (e.g. \$ financial implication, # of individuals affected)	During the fiscal year 2023, 15.3% of the client revenue came from the pharmaceutical industry.
Impact on Stakeholders	<p>Companies that work with clients in controversial industries can indirectly increase the harmful impact to stakeholders by enabling business growth. Therefore, companies that work with clients in these industries should have practices in place to ensure that their impact is aimed at decreasing the negative impacts of the industry.</p> <p>B Lab has flagged the involvement of companies with clients in controversial industries as a material issue and new standards will be created to address possible risks related to this matter.</p>
Implemented Management Practices	The company has a formal policy that outlines its position on working with sensitive sectors. For instance, the company refrains from working with clients in the gambling sector. However, the pharmaceutical sector is not considered a sensitive sector by the company. The company offers educational programs to the pharmaceutical sector, with the aim of reducing the negative impact resulting from improper disposal of medication.
Management Comments	<p>The company aims to reduce the environmental impact of pharmaceutical consumption while encouraging individuals to make environmentally conscious choices.</p> <p>1. Solutions for Proper Medication Disposal: The company's initiative includes a geolocator for voluntary medication disposal points. Through the application, users can nationwide locate nearby disposal sites to facilitate proper medication disposal and reduce improper disposal. These sites</p>

	<p>aim to ensure that expired medications and packaging are appropriately handled.</p> <p>2. Education: The company's educational programs aim to encourage environmental stewardship among the general population. The educational content emphasizes the importance of proper medication disposal and highlights the environmental risks associated with improper disposal practices. By sharing information on proper medication disposal, the environmental impacts of improper disposal, and best practices for medication consumption and storage, the company aims to empower individuals to make informed decisions that benefit their health and the environment.</p> <p>3. Partnership with the Pharmaceutical Industry: The company's collaboration with the pharmaceutical industry aims to reinforce environmental stewardship by providing solutions for proper medication disposal. The company assists pharmaceutical companies in fulfilling their environmental objectives and complying with regulatory requirements.</p> <p>The company is committed to creating a positive impact on society and the environment</p>
