Mission Statement

Please share the text of your formal mission statement here.

We believe in doing things the right way for the benefit of our customers, our colleagues and the world at large. Building a strong culture aligned to these values and then ensuring everything we do is checked against this culture, creates a business that benefits everyone it touches. Here's what makes us different: We will: Only ever work on behalf of clients who understand and share our values never insuring businesses that cause or facilitate harm to animals, other human beings or the planet. Always manage and advocate every claim on our clients behalf. Work entirely transparently and seek to align ourselves with the outcomes which we deliver. We will never take any form of hidden commission and our charging structure will be predefined, unopportunistic and entirely fee based. Cascade customer alignment down to our colleagues by ensuring every single member of our team who has been with the business for over 12 months holds an equity interest. It is truly "our" business. Invest in the latest technology to help our colleagues work as efficiently and effectively as possible for our clients. Offer entirely flexible working solutions so as to attract and retain the best talent irrespective of their background or personal circumstances. Operate an idea meritocracy and not a dictatorship. Every colleague has a voice and all ideas for change will be considered irrespective of that person's position in the business. Support our society by always donating a portion of the business profits to charitable causes.
