

Marvellous Maps (Squeaky Wheels Ltd)

Disclosure Report
Date Submitted: July 10th, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

B Lab's Public Complaints Process

Any party may submit a complaint about a current B Corp through [B Lab's Public Complaint Process](#). Grounds for complaint include:

- 1) Intentional misrepresentation of practices, policies, and/or claimed outcomes during the company's [certification process](#)
- 2) Breaches of the B Corp Community's core values as expressed in our [Declaration of Interdependence](#)

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

Disclosure Questionnaire

Industries and Products

	Yes	No
Please indicate if the company is involved in production of or trade in any of the following. Select Yes for all options that apply.		
Animal Products or Services	☐	☒

Negative Social Impact	☐	☒
Other	☐	☒

Disclosure Questionnaire Statement

Disclosure Questionnaire Category: Significant Layoffs of >20% of the Workforce

Marvellous Maps (Squeaky Wheels Ltd) experienced significant layoffs of more than 20% of the workforce within the last five years. Certified B Corps are required to make transparent when such practices have occurred.

Company policy includes taking the following responsibilities in the event of redundancies:

- Use of specialist HR and legal advice to follow legal requirements and good practice to minimise negative impact for affected team members
- Clear, timely communications with affected team members
- Provision of benefits and resources to affected team members (redundancy pay exceeding the minimum required by law, allocation of paid time and supporting resources to search for a new role, etc).
- Implementing management practices that minimize the risk and impact of future layoffs.
- The company has been through redundancies once, in spring / summer 2022. All affected team members received well over the minimum redundancy pay required by law, and were allocated paid time and supporting resources within their notice period to search for a new role, and all secured new roles either during or very shortly after redundancy.
