

Spadel
2022 Aggregated Scoring Methodology, Summary and Brand List

Aggregated Scoring Methodology

Spadel and all of its subsidiaries were required to be assessed in the B Impact Assessment and undergo a review by B Lab staff. Spadel and its subsidiaries were divided into three assessments, and the overall score was calculated using a revenue-based weighted average. The three assessments are as follows:

- Spadel SPA & BRU-CHEVRON
- Spadel DEVIN
- Spadel RIBEAUVILLÉ & WATTWILLER

Spadel scored an overall 86.7. The minimum verified score required for B Corp Certification is 80. Learn more about the [B Impact Assessment](#).

Subsidiaries

As the B Corporation Certification is a company-level certification, the assessment of a Parent Company is required to include its subsidiaries in which it owns >50% of the shares and has controlling interest. Depending on the operations of the certifying company, Parent Companies may roll up their subsidiaries into a single assessment or assess separately.

Regardless of whether a Certified Parent Company's subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations.

Brands

Brands that are not distinct operating subsidiaries included in the Parent Company's certification are not Certified B Corporations themselves, but may use the Certified B Corporation logo if B Lab has determined they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company's certification.
