

Score Aggregation Methodology & Brand List

Core Srl 2024

As the B Corporation Certification is a company-level certification, the assessment of a Parent Company is required to include its subsidiaries in which it owns >50% of the shares and has a controlling interest. Depending on the operations of the certifying company, Parent Companies may roll up their subsidiaries into a single assessment or assess separately.

Regardless of whether a Certified Parent Company's subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification (i.e. score of 80+ points) are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations.

Aggregated Scoring Methodology

Core Srl was required to be assessed in the B Impact Assessment and undergo a review by B Lab staff. The entity was divided into two assessments, and the overall score was calculated using a weighted average based on headcount.

The assessments are as follows:

Assessment 1 - Core Srl

1. CORE SRL
2. CORE APAC LLC
3. Dongguan Union Sport Product Trading Co. Ltd.
4. Dongguan Stronger Sport Technology Co.

Assessment 2 – Capita MFG GmbH

1. Capita Mfg GmbH

Based on the weighted average, Core Srl scored an overall 92.2 points. The minimum verified score required for B Corp Certification is 80.

The table below shows the scores for the individual assessments:

Assessment 1 - Core Srl	82.0
Assessment 2 - Capita MFG GmbH	98.9

Brands

Brands that are not distinct operating subsidiaries included in the Parent Company's certification are not Certified B Corporations themselves but may use the Certified B Corporation logo if B Lab has determined they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company's certification. For a list of brands under Core Srl and Capita MFG GmbH that have been determined to have met the performance standards for certification (i.e. score of 80+ points) independently and can therefore use the B Corp IP, see the table below.
