Disclosure Report

Date Submitted: May 23rd, 2025

Disclosure Materials

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire that B Lab deems relevant for public stakeholders, then, as a condition of their certification, the company must:

- 1) Be transparent about details of the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue
- 3) Demonstrate that management practices are in place to avoid similar issues from arising in the future, when necessary.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit and integrity of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to a background check by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

Disclosure Questionnaire Category: Other Disclosure Outcomes & Penalties

Issue Date	2024
Topic	Penalties related to Anti-Competitive Behavior
Summary of Issue	<p>The company has 2 pending cases of penalties:</p> <p>1) Alleged Barriers to Sugar Imports: The Superintendence of Industry and Commerce (SIC) initiated an investigation against Ingenio Providencia and the broader sugar industry for allegedly creating barriers to sugar imports. Ingenio Providencia paid the financial penalty imposed by the SIC. In July 2016, the company filed a lawsuit seeking annulment of the penalty and reestablishment of rights. In October 2023, the Administrative Court of Cundinamarca issued the first-instance ruling, denying the lawsuit claims. Ingenio Providencia filed an appeal against this ruling, and in July 2024, the Council of State admitted the appeal. The case is currently pending a final resolution.</p> <p>2) Alleged Collusion on Sugarcane Prices: The SIC imposed a sanction on Ingenio Providencia for alleged collusion with other mills to set maximum prices for sugarcane supply. A lawsuit filed by the company initially resulted in a favorable ruling annulling the sanctions. However, SIC appealed the ruling that annulled the administrative acts imposing the sanctions. The Council of State ordered the reversal of the first-instance ruling and sent the case back to the Administrative Court of Cundinamarca to address all claims made in the lawsuit. In March 2023, the Administrative Court issued a complementary ruling denying the claims. Ingenio Providencia and other plaintiffs filed appeals and other motions, which are still pending a final resolution by the higher authority of the Administrative Court of Cundinamarca.</p>
