

## Score Aggregation Methodology Light Warrior 2023

As the B Corporation Certification is a company-level certification, the assessment of a Company is required to include its subsidiaries in which it owns >50% of the shares and/or has controlling interest. Depending on the operations of the certifying Company and its subsidiaries, the Company may consolidate its impact measurement into one assessment for the Company and its subsidiaries or assess separately

Regardless of whether a Certified Company and its subsidiaries are assessed together or separately, only distinct subsidiaries that B Lab has determined independently meet the performance requirement for certification are eligible to use the Certified B Corporation logo and refer to themselves as Certified B Corporations.

### Aggregated Scoring Methodology

Light Warrior and its subsidiaries were required to be assessed in the B Impact Assessment and undergo a review by B Lab staff. The entities were divided into two assessments, and the overall score was calculated using a weighted average based on revenue.

The two assessments are as follows:

- Light Warrior
- Light Warrior Wellness (Wanderlust)

Based on the weighted average, Light Warrior scored an overall 102.9 out of 200 total available points. The minimum verified score required for B Corp Certification is 80.

The table below shows the scores for the individual assessments:

Legal entity/Company name	BIA Score
Light Warrior	120.7
Light Warrior Wellness (Wanderlust)	87.4

### Brands

Brands that are not distinct operating subsidiaries included in the Parent Company's certification are not Certified B Corporations themselves, but may use the Certified B Corporation logo if B Lab has determined they have independently met the performance requirement for certification. Otherwise, the Certified B Corporation logo shall only be used in reference to the brand as part of the Parent Company's certification. For a list of brands under Light Warrior Wellness that have been determined to have met the performance standards for certification (i.e. score of 80+ points) independently and can therefore use the B Corp IP, see the table below.
