Positive Impact of Product/Service

How would you describe the positive outcome for customers created by your product/service?

Rapipago está sustentado en una plataforma tecnológica flexible, que permite a la empresa cliente realizar cobranzas con factura física o sin ella, recibir pagos parciales o fuera de término y disponer de la información resultante dentro de las 24 horas hábiles de la fecha de pago o en el mismo momento en que se realiza la cobranza (dependiendo del servicio contratado). Si bien su función principal es la cobranza, las más de 8000 mil sucursales Rapipago de todo el país están diseñadas como verdaderos centros de servicios, permitiendo incorporar otras funciones tales como: consumos prepagos (recarga de celulares con línea prepaga, por ejemplo), alta de adhesiones (Servicio RapiTrámites), Servicio de Pagos (posibilidad de realizar pagos a clientes usuarios), cash in y cash out para el ingreso y/o retiro de efectivo/extracciones de cuentas bancarias y no bancarias (de billeteras digitales), corresponsalía bancaria (que es la posibilidad que los bancos deleguen en la Red Rapipago algunas de las operaciones bancarias, ej. Pago de haberes jubilatorios, para llegar más simple y con más alcance geográfico al cliente final de ambas organizaciones), servicio de Entregas Rapipago (servicio de pick up de productos para ventas e-commerce en los centros de servicio Rapipago) y múltiples funciones más, brindando a la empresa cliente un interesante canal de contacto comercial con sus clientes. Además, contamos con canales digitales de pago como alternativa de pagos de servicios, para llegar más simple y a toda hora a nuestros clientes usuarios por plataformas altamente utilizadas por las personas y sin necesidad de descargarse una nueva app, generando mayor accesibilidad digital para todas las personas: Facebook, Whats app y la web Rapipago https://rapipago.com.ar/rapipagoWeb/. En muchos locales Rapipago, además se han instalados ATM (cajeo automático) de bandera blanca (es decir que no son de ningún banco en particular ni de ninguna compañía particular) cuyo equipo y servicio son brindados por la compañía Gire Soluciones SAU, que es parte del Grupo Gire (integración de dos unidades de negocios en pos de brindar soluciones integradas a más clientes usuarios), facilitando la extracción de dinero y operaciones bancarias. Dada la multiplicidad de servicios brindados, nos permite llegar a más de 7 millones de clientes usuarios mensuales en todo el país, incluyendo personas no bancarizadas, y/o alejadas de los centros urbanos, en barrios vulnerables, o en lugares donde no hay bancos ni otros servicios de similares características, facilitando la inclusión financiera a poblaciones desatendidas y vulnerables. Al mismo tiempo contribuye con el desarrollo económico local de microdistribuidores, emprendedores que brindan el servicio Rapipago. Donde hay un local Rapipago, el barrio, sobre todo los barrios vulnerables, mejoran su infraestructura general local (ei. Mejor iluminación en la manzana donde está ubicado el local).

Economic Empowerment Product/Service Overview

Tell us more about how your product or service provides or improves economic opportunity and empowerment for individuals and/or communities.

Para agentes y sucursales distribuidoras de Rapipago: Incrementa el flujo de clientes y las ventas. Entrega un servicio de vital importancia para los vecinos, genera comisiones para el Agente Rapipago por cada transacción. No es necesario ningún tipo de inversión por parte del Comercio - Agente, ya que Rapipago provee equipos, insumos y la capacitación al personal que operará. Es decir, es una fuente de ingreso segura (todo el mundo debe pagar sus servicios e impuestos) a muy bajo costo de inversión inicial (sólo debe contar con un comercio o incluso, en muchos casos ni eso se solicita, ej. En los stands que se encuentran en shoppings y retails, donde la inversión de puesta del local es 100% absorbida por Gire SA). Cabe aclarar sobre el rol social que tiene el servicio Rapipago para la comunidad y clientes, que durante el 2020, en el momento inicial de la pandemia por Covid-19, el Gobierno Nacional, luego de implementar medidas de contención ante la aparición de los primeros casos confirmados de COVID-19, decretó el Aislamiento Social, Preventivo y Obligatorio (que a nivel nacional general duró más de seis meses). El impedimento de concurrir a los lugares de trabajo interrumpió el normal funcionamiento de nuestras actividades. Por única vez en la historia de la Compañía debimos cerrar la Red Rapipago en todo el país, durante 45 días. Gracias al esfuerzo del Grupo Gire y el trabajo cooperativo con la CAECEIS, (la Cámara Empresaria que nuclea a las empresas de servicios de Cobranzas Extrabancarias, la cual en ese momento Gire SA tenía a su cargo la presidencia temporaria), la actividad principal de Rapipago de cobranzas de facturas de entidades extrabancarias fue considerada actividad exceptuada y por esto el Gobierno Nacional a través del BCRA (Banco Central de la República Argentina) nos permitió habilitar todos los puntos de cobranza de nuestra Red. Esta situación evidenció el importante rol social que tenemos, tanto para nuestra red de agentes, donde en muchos casos su fuente de ingresos son solamente a través del servicio que brindan bajo la marca Rapipago, como para nuestros clientes, para poder hacer frente a sus obligaciones impositivas y de servicios que deben abonar. La vuelta a la operación en Centros de Servicios Rapipago propios, stands y la Red de Agentes implicó el retorno al trabajo de muchas personas de nuestra Compañía, y de nuestros Agentes Oficiales Rapipago, con todos los cuidados contemplados en el protocolo sanitario que se aprobó para protegerlas y a nuestra cartera de clientes. Para las personas o usuarios finales: Innovador sistema de servicios transaccionales que permite a las personas que residen en zonas alejadas o en comunas densamente pobladas realizar transacciones en dispositivos electrónicos instalados en kioskos, farmacias, y pequeños y grandes comercios de cercanía. Además tenemos ATMS (cajeros automáticos) en algunos puntos de servicios donde los cajeros automáticos bancarios no llegan. En Rapipago encontrás la manera más rápida y sencilla de pagar las obligaciones con la AFIP (Administración Federal de Ingresos Públicos) y poder garantizar la continuidad de los servicios básicos que de otras maneras al ser dificultoso el pago no podrían seguir siendo recibidos por personas en contexto geográficos muy poco accesibles y/o vulnerables. Además, en la Red Rapipago se pueden generar operaciones de cash in y cash out de billeteras digitales bancarias y no bancarias, y de corresponsalía bancaria, accesibilizando estas operaciones y brindando inclusión financiera, sobre todo teniendo en cuenta que: sólo el 48% de los argentinos es titular de una cuenta bancaria, y entre las razones principales es por el costo alto de tener una cuenta bancaria (43%) y por la distancia hasta la entidad bancaria (11%) (FinDex Database 2017, Banco Mundial), y por tanto la mayor cantidad de operaciones en nuestro país se realizan en efectivo dada la baja bancarización. Como complemento de esto, en barrios y poblaciones vulnerables, relevadas por un informe reciente de Techo (2021), el 74% de las personas relevadas en estos barrios vulnerables tiene una cuenta bancaria de plena percepción o no, en muchos casos brindadas por el estado para pago de asistencias sociales, pero sólo el 22% de ellas que poseen un teléfono Smart Phone (8 de cada 10 personas de estas poblaciones tienen celular Smart) lo utiliza para transacciones digitales de pagos, recibir o enviar dinero, etc (según informe Techo, 2021, sobre Inclusión Financiera, Pagos Digitales y Mejoramiento de Viviendas en Barrios Populares). Para clientes finales además incorporamos canales digitales accesibles a todas las personas y sin necesidad de bajarse una nueva aplicación (que le ocuparía espacio en su Smart Phone, garantizando aún más la accesibilidad), sino que el usuario usa la que tiene

Litigios: tenemos dos grandes tipos de litigios donde la compañía es parte demandada. Sobre reclamos en instancia judicial en materia laboral, en su gran mayoría corresponden a demandas que realizan ex los empleados de los Agentes Rapipago, donde demandan a Gire SA por responsabilidad solidaria. Se mantiene la tendencia de la última Evaluación de Impacto B en 2019. Para evitar que los conflictos escalen, se generan propuestas principalmente económicas para resolver los conflictos, llegando a acuerdos con la parte actora. Respecto a conflictos de tipo comerciales, corresponden a ex agentes Rapipago, donde aquí Gire SA es parte actora principalmente, y eventualmente alguno donde la compañía es parte demandada. Estos son en el fuero comercial. En el primer de los casos, se tratan de jucios ejecutivos a los fines de intentar recuperar las sumas retenidas por dichos Agentes. En el segundo de los casos, en menor medida tenemos algunas mediaciones con ex Agentes donde son ellos los que nos reclaman (demandan) incumplimientos contractuales diversos. De esas mediaciones, que suelen cerrarse sin acuerdo, tenemos sólo unos pocos casos que han iniciado luego el juicio. Por otro lado tenemos también algunos juicios de usuarios de Rapipago donde somos codemandados o demandados principales por problemas que han tenido con pagos realizados que no fueron imputados. Defensa del consumidor: En cuanto a las audiencias de Defensa del Consumidor, estamos teniendo en promedio 45 audiencias mensuales. Los reclamos se deben en su gran mayoría a errores de tipeo al momento de ingresar la cobranza, lo que provoca que no se le imputen los pagos a los clientes o problemas en las transacciones realizadas con tarjetas de débito donde no se procesó el pago pero se le debita el dinero al cliente. En cuanto a las resoluciones, prácticamente cerramos con acuerdo la totalidad de los reclamos que tenemos ya que nuestra prioridad es tratar de solucionarle el problema al cliente, salvo que tengamos elementos para poder demostrarle que el procedimiento de cobranza se realizó perfectamente. En los casos de errores de imputación la resolución puede consistir en la regularización del pago o bien el reintegro del dinero. En cuanto a los de débito, si tenemos el ok de operaciones procedemos a realizar el reintegro del dinero
