

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE

Company Name: LAID BACK SNACK
 Date Submitted: 10/06/2022

Industries & Products	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.

DISCLOSURE QUESTIONNAIRE CATEGORY	Environmentally Intensive Industries
TOPIC	Water Intensive Industries
SUMMARY OF ISSUE	As a food manufacturing company, Laid Back Snacks operates in an industry that is water intensive.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	100% of Laid Back Snacks' revenue comes from the sale of food products.
IMPACT ON STAKEHOLDERS	As a water intensive industry, food manufacturing poses risks such as water stress or depletion of local water sources if water use is not appropriately managed.
IMPLEMENTED MGT PRACTICES	<p>"The company operates in Vancouver, Canada, an area not considered a water-stressed region.</p> <p>During its manufacturing process, the company seeks to reduce water consumption by avoiding letting the water run and mopping necessarily."</p>
MANAGEMENT COMMENTS	Laid Back Snacks carefully vets its suppliers to ensure sourcing of raw materials are done from sustainable organizations. Further, Laid Back Snacks warehouse is water efficient, using only up to 100L of water during its production/cleaning and sanitization process.

DISCLOSURE QUESTIONNAIRE CATEGORY	Environmentally Intensive Industries
TOPIC	Energy and Emissions Intensive Industries
SUMMARY OF ISSUE	"As a manufacturing company, Laid Back Snacks operates in an industry in which energy and carbon emissions is a material environmental issue.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	100% of Laid Back Snack's revenue comes from the food product
IMPACT ON STAKEHOLDERS	The food manufacturing industry is a major contributor to global carbon emissions.
IMPLEMENTED MGT PRACTICES	<p>"The most energy/emissions intensive part of the company's process is transporting its products. The company exclusively uses hydroelectric power, and is carbon neutral. In addition, the company offsets its carbon footprint +15% extra.</p> <p>Although the company has a low carbon footprint Laid Back Snacks does have a reduction plan in place, including:</p> <ul style="list-style-type: none"> - eliminating an office space - offering employees the option of working from home - reducing reliance on airfreight. - the use of automated/motion sensing lighting and energy efficient bulbs - the warehouse is naturally cooled instead of using AC in order to reduce energy/carbon usage."
MANAGEMENT COMMENTS	Laid Back Snacks is a carbon neutral organization. Not only do we vet suppliers carefully to ensure sustainability, we also offset 115% of all our calculated carbon footprint in scope 1, 2 AND 3. Scope 1,2 and 3 calculations include the carbon emitted during agriculture, transporting to LBS, production/manufacturing and transporting to the customer. 100% off our direct and indirect carbon emissions are offset. We also work with companies like Novex Couriers who use sustainable vehicles in their fleet and are carbon neutral.
