

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE

Company Name: BioCarbon Partners
 Date Submitted: 18/02/2021

Industries & Products	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.

DISCLOSURE QUESTIONNAIRE CATEGORY	Significant layoffs of >20% of workforce
ISSUE DATE	2017
TOPIC	Significant layoffs due to restructuring
SUMMARY OF ISSUE	Due to USAID funded CFP (Community Forests Project) BCP experienced serious budget constraints to complete the development of the REDD+ project that would be required to create a sustainable model for communities to benefit from the CFP for the next 30 years. BCP was not successful in raising further funding that would have funded the current operations back then to make it to 31 Jan 2019 by which BCP aimed to have the CFP verified against VCS and have a registered REDD+ project. BCP was forced to restructure in order to remain viable. It was therefore critical for this process of downsizing to achieve the results we have now received by benefiting over 220,000 beneficiaries and protecting close to a Million Hectares of threatened forest and wildlife conservation strongholds.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	29 employees were laid off, representing 25% of the company's employees at that time.
IMPACT ON STAKEHOLDERS	Employees were laid off, causing considerable financial implications for them and their families.
IMPLEMENTED MGT PRACTICES	BCP proceeded as per guidance from the Ministry of Labor in Zambia by providing staff with a severance pay and a letter of reference for the staff members.
