

DISCLOSURE MATERIALS

Certified B Corporations must complete a Disclosure Questionnaire to identify potentially sensitive issues related to the company (e.g. historical fines, sanctions, material litigation, or sensitive industry practices).

This component does not affect the company's score on the B Impact Assessment. If the company answers affirmatively to any items in the Disclosure Questionnaire and B Lab deems them to be material, the company must:

- 1) Be transparent about the disclosure issues identified on the company's public B Impact Report
- 2) Describe how the company has addressed this issue.
- 3) Demonstrate that management systems are in place to avoid similar issues from arising in the future.

In all cases, the Standards Advisory council reserves the right to refuse certification if the company is ultimately deemed not to uphold the spirit of the community.

In addition to the voluntary indication of sensitive issues in the Disclosure Questionnaire, companies pursuing Certification also are subject to background checks by B Lab staff. Background checks include a review of public records, news sources, and search engines for company names, brands, executives/founders, and other relevant topics.

Sensitive issues identified through background checks may or may not be within the scope of questions in the Disclosure Questionnaire, but undergo the same review process and are subject to the same possible review by the Standards Advisory Council, including ineligibility for B Corp Certification, required remediation, or disclosure.

This document contains a copy of the company's completed Disclosure Questionnaire and related disclosure documentation provided by the company.

DISCLOSURE QUESTIONNAIRE

Company Name: Will & Bear
Date Submitted: 06/12/2022

Industries & Products	Yes	No
Please indicate if the company is involved in production of or trade in any the following. Select Yes for all options that apply.

DISCLOSURE QUESTIONNAIRE CATEGORY	Cannabis Related Products
TOPIC	Clients in Controversial Industries
SUMMARY OF ISSUE	Will & Bear is a company that sells a variety of hats that earns a material amount of revenue from the sale of CBD products i.e hemp infused yarns that is used to produce 4 of their hats collections.
SIZE/SCOPE OF ISSUE (e.g. \$ financial implication, # of individuals affected)	In the previous fiscal year, 1.56% of Will & Bear's revenue was earned from the sale of cannabis-derived products. The composition of hemp material used is between 45 - 55% for the product lines.
IMPACT ON STAKEHOLDERS	Cannabis-related products are subject to controversy both because of their current and historic legal status around the world, as well as concerns about the potential harm that the products may cause. Current regulations governing the legality of cannabis-derived products are complex and vary widely by local jurisdiction.
IMPLEMENTED MGT PRACTICES	- Will & Bear have produced industrial hemp cultivation license from their supplier Hempfortex and email confirmation from their customs brokers in Australia and USA that they have met all import requirements for products using highly processed industrial hemp. - The processed industrial hemp material is used purely for the manufacturing of hats which they sell.
