Altermundi is involved in the production or sale of animal products and services, meaning that they are more likely to have significant impacts on the environment and animal welfare. Based on the size of the company, these impacts may be limited. Furthermore, Altermundi is developing a wide range of vegan products (shoes, and leather goods) to reduce its sales of animal products.

Certified B Corps are required to make transparent their involvement in such industries.

Any party aware of specific company practices that have had a negative impact related to their involvement in the sensitive industry, and which may constitute a violation of the B Corp standards, may contact us via our [public complaints procedure](#).
