George Mason COVID-19 Dashboard

Student Data Last Updated On: 9/27/2020
Employee Data Last Updated On: 9/27/2020

Notes
Both student and employee test results combine surveillance data with self-reported data.
To reflect the most recent testing results, the data shown below generally cover the most recent three weeks, including the current week.

Dashboard figures below represent individual tests, not individual students/employees; each student/employee may be tested more than once. All figures are subject to change as new data become available.

### Students in On-Campus Isolation & Quarantine
