

Eileen S. Brazitis

Amanda, Jupiter Reef Club Board of Directors, and all Owners,

I have been pleased to serve on the JRC Board for the past 2 years, specifically working with the Board, JRC management and the contractors on the completion of the seawall and decks.

By way of my background, I started my career in trust banking and moved to the investment industry in 1990. I retired 3 years ago as a partner from the firm of Hirtle, Callaghan & Co., having helped as CAO to grow the firm's assets under management from \$60 Million to \$25 billion during my 27 year tenure.

Since I retired, I have served on numerous Boards including President of our Condominium Association in Bryn Mawr, Pennsylvania.

We have been owners at JRC for over 12 years and very much enjoy our time at this special place. With the outside renovations completed including the seawall and decks, landscaping, painting, electrical, porch furniture and benches and grills, it is my goal, working with the Board and JRC Management, to upgrade and improve the unit interiors, including but not limited to furniture and furnishings, kitchens, baths, TVs and decks.

Thank you in advance for your support. I look forward to serving for another 2 years on the JRC Board and help continue to improve and enhance this wonderful gem of the sea!

Eileen Sweeney Brazitis

Owner Weeks 6-9
