

WELCOME TO TULSA !!!

We wanted to send out a personal note to express our excitement about your arrival.

Tulsa's transformation over the past few years is simply amazing how the city has evolved into one of the top destination spots in the US. The BOK Center and Cains Ballroom continue to be ranked amongst the nation's top three music venues. The new Gathering Place on the outskirts of downtown has been recognized globally as the prime example of innovative urban-park design. Our downtown entertainment, arts, and Greenwood districts continue to grow through revitalization. You will notice that there are currently three tower cranes amidst the downtown skyline along with the construction of two new nationally recognized museums. The construction progress of our new Arena, Track, Hall of Fame, and Corporate Headquarters is roughly 20% complete. This time next year, the hope is to have construction completed, and we can't wait for you to see it.

As we prepare for the Greatest Race on Earth, we know it will be a unique one this year.

We have important details to share that we are asking attendees to follow this year. Our team has been working tirelessly with local authorities to ensure that we continue to have the ability to host the Grands in this unprecedented year. Many of you have attended our 21 events in 2020. We will be taking extra precautions at this year's Grands due to the Tulsa County Health Department's requirements for Indoor Events.

For the races to continue, the following list are requirements and guidelines that we must implement and that we must all abide by during the duration of the event

- The City of Tulsa has implemented a mask mandate/ordinance and masks must be worn within the building at all times unless a racer is wearing a helmet.
- Security stations will be placed within the building and the Tulsa Police Department will be present to monitor compliance with the ordinance.
- USA BMX encourages riders and families to spend time outside the building.
- Limited Spectators: USA BMX is encouraging a limit of one (1) socially distanced spectator per participant in the track viewing area at any given time.
- USA BMX will also maintain protocols to encourage social distancing including contactless registration, Moto Sheets will be available online-only, expanded staging and finish line area, and making the entire event available LIVE through our webcast on FaceBook and You Tube.

Our team remains committed to keeping our USA BMX family safe during these unprecedented times. Let us hold ourselves and each other accountable in making sure we keep the health of both our racers and their BMX families as our top priority. Let us keep in mind that any negative actions can exponentially impact the greater good of keeping our racers out on the track.

Respectfully,

A handwritten signature in black ink, appearing to read "Shane Fernandez". The signature is stylized with long, sweeping strokes.
