# What To Drink Now: Anniversary Wines

These wines and wineries are celebrating significant anniversaries this year.

---

I've been celebrating anniversaries lately, including eight years of writing this column for SideDish. In celebration, let's raise a glass to a few wineries also toasting special 2017 anniversaries. *(Note: A few selections were sent for editorial consideration and are available throughout Dallas unless specified.)*

[Buena Vista Winery](#) celebrates its 160th anniversary in [Sonoma Valley](#), the region's first premium winery. Their orchard fruit-and-citrus-filled Private Reserve Chardonnay is ideal to sip while celebrating. [Boisset Collection](#) sister winery, Napa's [Raymond Vineyards](#), is celebrating its 40th, marking the occasion with a recently released 40th anniversary Cabernet, dressed to impress with a red-velvet label.
