Buena Vista Winery Adds to its One-of-a-Kind Visitor Experiences

Buena Vista Winery now offers “Wine and Music Wine Tasting Experience” in the original historic caves of the winery which date back to 1864. Featuring a live performance by esteemed local musicians, Steel and Ivory—made up of pianist Dr. Kristie Janczyk and violinist Matthew Vincent—this truly unique tasting allows guests to listen to famous musical compositions by Mozart, Vivaldi, Chopin, Beethoven and more, while tasting Buena Vista Winery’s finest wines. Each wine is specifically paired alongside three musical compositions and the visitors are expertly guided by Buena Vista staff to notice and discover the new and unique flavor characteristics of the wines when tasted alongside each piece of music. The result is a sensory experience that allows the participants to taste and experience wine and music in ways that they never have before.

Each “Wine and Music Wine Tasting Experience” is \$75.00 per person to enjoy the music as a previously recorded performance or \$125.00 per person for those interested in a live performance by Steel and Ivory. Each live performance will occur the last weekend of every month at 1:00 p.m. There is a minimum of four guests per reservation with a maximum of eight people and each experience is approximately 90 minutes in length. Each tasting experience will be accompanied by four to five of Buena Vista’s finest wines.

Speaking of the new experience, Proprietor Jean-Charles Boisset says, “We are ecstatic to share this extraordinary sensory experience with our guests. It is unlike anything else we have seen in wine country and we look forward to hosting our guests on this unique journey as they discover how dramatically the personality of a wine can change simply by changing the music that is played while tasting it.”

Guests may reserve in advance at www.buonavistawinery.com, 1-800-926-1266 or at Buena Vista Winery. The winery offers additional guest experiences that include: the Historic Wine Tool Museum and Show, the “Be the Count” wine blending experience, private tastings, barrel tastings, winery tours, tastings of a wide selection of award winning, small-production wines, and beautiful picnic areas. For more information, visit www.buonavistawinery.com.
