**No one's getting left in the car here.**

### **Frenchie Winery**

[Frenchie Winery](#) at [Raymond Vineyards](#) has taken being dog friendly to the next level by actually fashioning a mini-winery for dogs. This luxurious little farmhouse offers shady dog suites, wine barrel beds, wine-colored water, and doggie cams for family members who want to make sure their pooch is happy while they do a blending session or library tasting. Frenchie, the house pup and "fearless leader," likes to roam the winery and is said to believe that "under his leadership no dog shall have to stay in a hot car while his or her parents are enjoying themselves."
