Entering Raymond Vineyards from Highway 29 in Napa Valley you will come upon a rather large eyeball giving you a look-see. No fear, its a friendly eye brought to you by none other than Jean-Charles Boisset! You'll hear a bit more about that later in the podcast. Its always fun to catch up with Jean-Charles as he is never standing still. New projects on the horizon with an emphasis on bringing the joy of wine to all the world.

You can also hear Jean-Charles on our Vino-Lingo segment defining the term "Rhythmic"
