Tasting Notes: The Natural Beauty Rosé of Pinot Noir is a beautiful representation of the Pinot Noir that comes from the Sonoma Coast. Aged sur-lie, with regular bâtonnage, maintained the rich, bright flavors. Floral notes integrate beautifully with the flavors of fresh picked red cherries, strawberries and a hint of sun-ripened peach. Creamy mid-palate, this rosé has a full mouthfeel and can be enjoyed both on its own and with food!

The Rose is the symbol of love, beauty and compassion. They always adorn our vineyards and represent reason and virtue. The ruby at its center explains the planet sun. It is my favorite stone as it stimulates energy, encourages vitality, and heightens sensuality. The Rose and the ruby stone have a vibration that radiates intensity and projects energy and enthusiasm for life. The Natural Beauty symbolizes divine love.
